From the desk of *Facilitators*

Dear Parents,

By the blessings of God and your immense support, faith and cooperation, The Aryan International School has stood by its worth in imparting education and delivering outstanding results in Class XII and X boards. By giving 7 out of 10 District Toppers in CBSE Class XII, with Palak Mishra scoring 99.02% the highest in the state in Commerce stream, Aryan has reached yet another height proving that it never rests. It competes with its own self and stands alone in the pinnacle of success.

It is a school which believes in the holistic development in the true sense of the word. It is a school where teachers teach for they see millions of dreams in the eyes of the students and they want those dreams to come true to make their lives better. Here, the students are made to dream high and strive for their goal with positive attitude giving them the most conducive atmosphere where learning in disciplined manner is ignited. Children follow the schedule very religiously and devotedly set by their mentors.

We understand that teaching is a very noble profession and teachers are the role models that shape the character, caliber and a bright future of a student by laying a strong foundation for them.

We allow the child to aspire for the best, think differently and have the courage to achieve their targets. Thinking leads to progress. Thinking right is the challenge which is channelised here. It is a long and continuous process which starts from the lower classes. Teachers thus constitute the curriculum along with activities which targets on improving not only the cognitive and thus scholastics aspects but also their social and life skills.

The Aryan faculty has set a very high vision for itself. We have big dreams for our students which are transcended and manifested by our hard work and intense dedication. The phenomenal results of the board classes stand as a testimony of the collective efforts of our teachers and students who worked 24x7 giving 14-100s in Economics, 8-100s in Business Studies, 1-100s in English, 1-100 in Political Science and 161-100s in Painting. The students in Science stream too scored 97% as the highest and in Humanities 98.04% stood first. NTSE results were also the best scores in the town. These scores always remain a challenge for us to surpass each year thus makes us work harder in every passing year.

We would like to express our heartfelt gratitude to The Proud Aryan Faculty. We also thank our parents for entrusting their wards to us and believe that we would only do the best for them.

Vineet & Subina Chopra

From the Editor's Pen

Dear Reader,
Greetings to you!

Excelsior is a medium through which we can connect through, though this is not the only medium. Apart from setting the highest academic records, The Aryan International School strives for the holistic development of its children. The present magazine, we imagine, is one of the launch pads for the pacification of the creative urges of our children. When we aim to achieve the overall development of children, we cannot afford to neglect their creative imaginations. We, at Aryan, believe that education is not merely adding more degrees to your resume but to become cultured and humane. And this process of becoming humane is continuous and is possible only when we encourage the independent thinking of our children without providing them with any scaffolding. *Excelsior* is our modest attempt to nurture this independent thinking.

The magazine introduces you to the young budding writers of our school. Apart from the creative taste buds of our students, it audits for you the activities that were conducted by the school and our achievements in sports and other inter as well intra-school competitions. The badge of honour for us is our Class XII and Class X Board Results. If you are curious to know about our Aryan family, I personally assure you that the magazine will take you on a joy ride of the past year.

The publication of this magazine would not have been possible without the support and insightful guidance of our Director, Ms. Subina Chopra ma'am and my entire editorial team. I am grateful to all of them for their kind assistance. At a personal level, editing this magazine has been a learning experience. I remain thankful to the school management for the trust entrusted on me.

Happy reading!

Words of Gratitude TO CHOPRA SIR

STRAIGHT FROM THE heart

Palak Mishra's Mother

Sir, this was possible only because of you and all the teachers, I'm so thankful to you and God right now! It wouldn't have been possible without you.

You fulfilled my dream of an AIR. I won't ever be able to thank you enough for that.

Palak Mishra

Sir frankly speaking i have never seen a man like you..I'm very lucky to be a part of Aryan ☺

Tons of congratulations to you sir! It is only possible because of you and the support of all the teachers..Thank you so much sir.

Sneh kanodia

FAREWELL

*Goodbyes are not forever
Goodbyes are not the end*

Farewell

Down the memory lane ...

Sweet
Memoirs

I started back my journey in class V in the year 2011. The first day when I entered this classroom, I was amazed and shocked to see the students. They were conversing with each other in the language called 'English' and I even didn't know a word about it. I felt isolated. But the teachers supported me and taught me how to tackle with the problems. They treated me like my own parents. Though I was a hosteller, I never felt like that I am living in hostel. For me it was home away from home.

All the mischief I did and all the moments I enjoyed throughout my school life is unforgettable. 8 years passed away just in a blink. Everything passed when I looked back I realized that my childhood days are gone.

I am filled with immense pride and joy when I consider myself or say I am an 'Aryanite'.

I met a zealous and very enthusiastic person in this school who was 'Chopra Sir'. He supported me like my father. His words like 'Jiyenge, Mareng, Kareng' fills my heart with tenacity and energy. His devotion, dedication and will power for the school will inspire me throughout the life.

When I was in class VII Subina Ma'am, respected director ma'am herself taught me 'English'. She cared about me and taught me the paramount importance of this subject.

Everything which I learnt in this school will never fade away from my mind and heart.

'I learnt to imagine with all my mind and believe with all my heart and achieve with all my might.'

I also have that 'Will to Excel'.

At last I would like to thank to all the teachers and Chopra sir and Subina Ma'am for supporting me.

Mani Jaiswal _____

Hey,

Today I feel emotional and sad because, I left ARYAN. But I still remember my journey to Aryan which has started by a unknown person called 'Chopra sir' who now became my Role Model and most inspiring and motivational person of my life. He took my interview and made it special by making my own sister (Anuradha) take my interview. I was really inspired by him in his first meeting.

Apart from this, telling you all seriously, I never ever thought that there could exist a school called Aryan. It is

totally different and indigenous in itself. Here the relation is not limited to a formal relation of teaching lesson but it is more and above everything. They help and support each child in every situation. A Great thank you to our extra ordinary teachers called Shantanu sir, Ashok sir, Ratandeep sir, Rituraj sir and a great Salute to the effort and hard work performed by our honourable 'Chopra sir' and Subina ma'am.

We really miss that motivational speech of Shantanu sir in our class, which was more than what we had in our B.st class. The memory of Ashok sir 'jinhe jaldi thi wo chale gaye'. Really Aryan will always have a special place in our heart. Slowly and gradually we became an internal part of Aryan and made a sweet family of batch 2018-19. The slap of Subina Ma'am which I got on the 2nd day of my school for speaking in Hindi will always be alive forever as it was the first meeting of mine with her before that I ever knew her. It is really amazing that she puts so much of an effort to make us speak in English. The celebration of boards' paper, especially after B.st paper where we lifted up Shantanu sir after the paper is a great memory with us. I would thank my father 'Chopra sir' who worked so hard even more than us for us regardless of his health, he came early morning everyday, much earlier than us. He never acted as a Chairman but instead he gave solutions to all the problems. Sir, I promise to keep all the values taught by you to make us learn and we will always miss you. Thus, my journey to Aryan came to an end with a lot of cherished past time.

Dhruv Jaiswal (XII-F) _____

I entered the school without any dream or vision. I was an introvert and a pessimist. Coming from a small school previously I was scared if I would be able to make some friends in this big school. But as a turning point Sir (Mr. Vineet Chopra) came in my life he was my first friend in this school.

An absence of a week caused me a trouble for my section was changed and I was scared that if I would be able to lope up with the new class and sir made me sit on the front bench. Start terror seized my heart that I would be in the eye of all the teachers and students constantly.

I was a girl who never believed in goodness but it was Sir who made me realise that there is existence of God. After half yearly results of class 12 we had parents –teachers meeting, in which sir asked me to join the hostel. I was shocked and surprised because I had never lived at away from my parents.

I didn't get to see 'Sir' in the hostel, I got wonted and depressed, as he promised me that he would meet

me everyday.

The last five months taught me patience and the reality of life. And I am thankful to sir for calling me here.

The thought of leaving the school fills me with sorrow.

I hope Sir keeps loving me and continues to be my supporter in every walk of life.

And also I promise you Sir, I will surely improve my handwriting.

Ananya Shree (XII-F) _____

18th April, 2017 was the day I came to 'The Aryan International School,' recently finishing high school Boards. First day was extremely awkward for me for I was an introvert back then. But gradually people started involving me into their chats so that I don't feel alienated from my classmates. But the teachers also ensured that I feel at ease in the new surroundings. And because of their efforts, I could open up and take part in the activities conducted in the school. With this I came to know many people and won several good friends. Class XI is a memorable phase for me as for the first time in my entire lifetime I earned a rank then, somehow I came to class XII. I felt that the things would go as usual as they did in the previous class but to my surprise, it was the other way round. We were made to take tests every single day, worksheets every other day and with this, our progress was measured at each step. Our respected Sir, Mr. Vineet Chopra (our Dad) treated us as his own children and took numerous pains to make sure that we don't fall back I remember how despite being sick he used to come to school everyday. He stands like a rock in our support. Later, when I shifted to the hostel I found out that he comes to the hostel every morning at around 4:00 am no matter what the situation, he was always there for us and he taught us not only accounts but discipline and manners as well. He used to make me laugh when I wanted to so, loved me and motivated me in all the conditions.

Our respected ma'am, Mrs Subina Chopra (our mam) used to teach us English and values for life. After scoldings for not speaking in English seemed cruel to some but little did they know the reason behind that was to develop their personality coming to the hostel. I cried and was very scared to live here but unexpectedly, I found such good friends. The Boards package was a festival. We celebrated and studied

simultaneously. But studies were never compromised. The best part while taking the boards examinations was the morning aarti. Our sir and Ma'am used to come to the hostel and cheered each child up and made them believe on the power of hard work and 'Maa'.

Today, when I'm writing this, it breaks my heart to know that I'm leaving the place. I am unable to balance the excitement of going back home and the sorrow for leaving the school. I could have never imagined the kind of love received in the school from my friends and the teachers too. At last, I would like to say that I came to the school with an empty handed but I'm leaving the place with a kind and a compassionate soul and a family who would be there for me in all the phases of my life.

Palak Mishra (XII-F) _____

My four years of journey in Aryan was like a roller coaster ride. I learnt how to handle the ups and downs of my life. My teachers taught me how to face and to come up with innovative ideas in this competitive world. Whenever I made any mistakes or did something wrong I was reprimanded for it the placid nature of my warden taught me how to cooperate with others and to live with harmony. The best part of Aryan is its Academics. They prepare us mentally and make us enthusiastic about it. With all the strength empowered in me I went to give my boards. With the blessings of my respected teachers and others everything went amazing. Being independent was the one of the thing I had to learn. We should not always bank on somebody. Now comes my 2nd home "MANCHANDA HOUSE". A family of 50-60 is full of fun and emotions. No matter what the situation was we always came up with a solution. I love this place and don't want to go away from here. Till the time I am here I'll try to do good things and will maintain good code of conduct. All the memories are just because of my mentor, my inspiration Chopra Sir. The two words of "Thank you" is not enough for me to thank him for giving such a meaningful life which was nothing till now. Now I find it to be very meaningful. I have a lot of expectations from my own self and I'll make every possible effort to make my dreams come true.

Sanchana (XII-F) _____

FROM THE DESK OF *Principal*

As the Principal of the school, I feel honoured and privileged to be a part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teachers, parents and staff.

I believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process, using team strategies, while wholly concentrating on students' achievement.

Our teachers fruitfully employ two diverse strategies that are of 'Love' and 'Logic' to foster a positive learning environment for all our students. Love and Logic may seem like two contrasting forces. While love helps nurture trusting relationships, where students feel respected, appreciated and loved by the teachers, logic helps develop in students personal responsibility, self control, good decision making skills, self confidence, and character building with high moral values.

Your child's learning involves and revolves around an effective partnership between home and school. We know the stronger the partnership is, the more your child will benefit.

Whilst we know that the information here will give answers to some of your questions, we also know that learning is social, and in this context we encourage you to come and speak to us in person for a more detailed perspective. I look forward to working with you as we help create a school where parents are welcomed at anytime, students are engaged in meaningful learning and the staff members are valued and appreciated for their efforts.

Ganesh Sahai
Principal

Academic Advisor

I am very happy to communicate with you through this page. The school magazine is a platform for the students to express their creative pursuit which develops in them originality of thought and perception. The contents of the magazine reflect the wonderful creativity of thoughts and imagination of students.

I also take this opportunity to thank the parents of our students for having bestowed their faith and confidence in us. Your faith in us is our driving force.

Today the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers and productive members of an ever changing global society.

Our school has a holistic student centric environment. School education lays the foundation for the future of students and ensures a stable, successful and satisfied life. Our school is well aware of the importance and significance of different stages of student life and the activities in our school are planned to identify and nurture their inherent talents. Students need to be provided with a platform to think, express and exhibit their skills. Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents.

I feel happy when bright and talented students perform remarkably well. However, what makes me happier is when a weak student progresses steadily from poor performance to better performance, moving towards excellence.

Our school stands a symbol of hard work and determination of great souls, who dedicated their lives for the betterment of budding young generation. We have brought tremendous change in the educational system.

Our students have given outstanding results in all major competitive examinations being held across India. These examinations include JEE (Mains) and (Adv), NEET, NTSE, KVPY, Ramanujan Maths Olympiad etc. To help our students, we have best of the faculties in all subjects including Physics, Chemistry, Mathematics and Biology and English.

I am proud to be associated with such a wonderful institution dedicated to the causes of better India.

Wishing you all the best !

Anil Richaria

HEAD-MASTER (MIDDLE WING)

Education is a never ending process. It makes an individual intellectually enlightened, vocationally self sufficient, socially efficient, morally strong, culturally polished and spiritually developed.

It is always our earnest endeavour to provide our students with sufficient fields & facilities, thoughts and activities, environment & opportunities, inspiration and guidance for a steady all encompassing growth: physical, intellectual, spiritual and aesthetic.

The Aryan International School family delights in seeing its students blossoming into enlightened citizens fully alive to their responsibilities towards parents, society and motherland.

We are grateful to parents for their active cooperation and goodwill to realise the goal. All the valuable constructive suggestions are given due consideration. With the continuous guidance and support from the management, dedication of our teachers and cooperation of the parents we are working hard to achieve a very high standard.

May our efforts to accomplish this task be fruitful!

With best wishes!

Atul Kumar Pandey

CO-ORDINATOR, SENIOR WING

Parent's initiative to explore new frontiers has led them to one of the most dynamic academic schools in Varanasi. The Aryan International School has built a strong academic tradition and applied innovative analytical teaching methods that promote an all round development of students, while excelling the student's gifts and talents. Mediocrity is not acceptable for any students. TAIS challenges the students to work on their weaknesses and explore, excel and become masters of their strengths.

We have plans and dreams in the years to come. We keep on doing regular scrutiny of the quality of teaching and the content of the teaching. Our school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extra-curricular activities in the children.

I can boldly say that we have excelled in every initiative that we undertook and we have stood together in facing the challenges in realizing quality education. I feel proud to express that the school is performing extremely well in all the aspects to ensure academic and human excellence. We welcome your questions, suggestion and comments and we are proud of our academic success.

Together everyone achieves more. We draw from the synergy that arises from working together to achieve all our goals as a team. The smart and independent thinking children of our school would bring about changes in the wider world. We ensure that our kids are empowered with optimism.

Sumita Thapar

FROM THE DESK OF
Vice Principal
(Junior School)

“Education is not the learning of facts but training of the mind to think.” -Albert Einstein

“Knowledge is power, information is liberating! Education is the premise of progress, in every society, in every family.”Kofi Annan

We, at The Aryan International School are committed to creating a caring and safe atmosphere which promotes emotional, social and academic development. We aim at nurturing our students into pine human beings by imparting quality education and inculcating human values.

Over seventeen years of its existence, our school has carved an indelible space for itself as an educational institution of excellence. We work towards holistic development of our learners by providing them tools and experience that encourage a curious mind to think and create an empowered mind.

As the new vice principal, I am delighted that the school's values align with my own personal values, including importance of trust, respect, innovation and sense of community.

The need of the hour is to root students firmly in an enabling and constructive work ethos for their meaningful blossoming. Meeting this need, we at Aryans have set up three more edifices of learning

- Crya – an integrated stem lab and design studio.
- Booknuts – the reading programme.
- Theme based curriculum in association with My Pedia for our Kindergarten

These new edifices along with our signature teaching methodologies act as a spring board for honing skills and harnessing unbound talents of young learners.

Our educational processes and systems have unleashed a trail of glorious feats for us in these seventeen years. Besides rigorous scholastic programmes, we seek to develop and nurture different facets of a child. From academics to dance, theatre, music and a variety of sports, we focus on developing both physical and mental abilities of a child. In other words, our students are prepared to face the challenges of the rapidly changing world with the support of dedicated teachers, caring and cooperative parents.

I congratulate the entire editorial team for their hard work and dedication that has resulted in the publication of this issue of the school magazine.

Happy Reading!

Anupama Singhania

Vice-Principal, Junior School

CO-ORDINATOR, SENIOR WING

To assist and organizing different activities successfully requires help of students. Effective leadership is possible only with the help of students. My pleasure is to negotiate with others in order to ensure they work together effectively. Some students are more focused in studies. To make them take part in activities is a pleasure as they themselves are growing teens. Students' priorities vary but their innovative ideas need to be channelized. It is my privilege to be there, where students need me. To guide them is pleasant; to be able to help them achieve their dreams fulfils me. I wish all my students good luck. May their aspirations come true!

Ankita Verma

CO-ORDINATOR, MIDDLE WING

It is congruously said, "Give your children values first and then valuables."

Life is full of challenges & obstacles. One encounters impediments in every walk of one's life. Education is appositely called the third eye of mankind; it is such a powerful weapon by which one can overcome all kinds of troubles. The world of academics is very strange; it is like the beginning of a journey of one's life. One after the other, one is introduced to the bigger or expanded world of knowledge and wisdom. Knowledge makes one capable and efficient to shoulder higher responsibilities.

Hence, we (The Aryan International School) leave no stone unturned to provide quality education with the help of play way method, experimental teaching pedagogy, and also provide ample opportunity to build up oratory skill, self-confidence & leadership quality through various activities.

We strongly believe that 'wealth is not only what is 'with' you but also what is 'in' you'.

Deepak Kumar

CO-ORDINATOR, MIDDLE WING

Dear Aryanites, I want to talk to you about vision and values.

We live in a world of things that function on a short term basis, for instance, short term relationships, short term commitments, short term dreams and aspirations. The reason behind us, as a society functioning this way is because change is the norm nowadays and for anything to be long term, we'd have to avoid the norm. However, this norm is only the result of recent development. Since we've been a part of this world, we've also taken to it's ways and things being short term isn't only limited to short term commitments or short term aspirations, but now, we've also started to fall prey to this system of thinking in terms of just the near future and forming short term goals. I bring this up in the context of students, blindly running after marks. Now, don't get me wrong. I'm not trying to say that running after marks is a bad thing. On the contrary, seeking marks, often is what will bring you closer to your dreams. However, all I'm trying to do is to try and persuade you to understand that while marks determine the kind of secondary education you receive, they do not in any way determine what the bigger picture is going to look like. However, what does go into determining that fact is something else and I call these 'The Two Important V's, Values and Vision'. It is these things that eventually go on to define your future. While your values are going to keep you grounded amidst all the competition and the petty politics and jealousies around that try to get to you, without much avail, your vision regarding the future would guide you and help you map out uncharted territories by keeping you focussed. Short term goals, that is, blindly seeking marks, in most students' case, and values and vision, are not concepts that are mutually exclusive. In fact, short term goals, become a part of an individual's vision. But limiting it to just that, leads to a very different journey on an often bumpy road. Professional success comes from long term effort and commitment and while short term goals such as marks will take you so far on that road, the two V's, that is, values and vision turn out to be companions for life on that lone journey.

God bless you all!

Ms. Rama Iyer

HEAD MISTRESS - JUNIOR WING

There are many parameters on which a school's performance is rated. At The Aryan International School, we strive to provide concerted effort on each student and give opportunity to express them by scientifically designed set of courses. We believe that each child has unique quality, which is to be groomed by a teacher or a mentor and here at our school, we do it with full responsibility. We have a highly motivated and enthusiastic team of teachers working diligently to ensure the best prospect for every child. The courses are reviewed and designed regularly according to need of the students ensuring better all - round growth. The exceptional and well qualified staff works on specially designed curriculum to make each child into a complete human being.

Our school's slogan 'WILL TO EXCEL' confronts students to excel in each area. Students of the school are graded up from a very early stage for diverse activities that prepares them for multifaceted and ever changing world scenarios. We provide congenial environment for an all round development of the students in each area of life. We strongly believe a strong blend of teachers, administrators and parents to ensure bright future of the students. Therefore, all three should play their role in the up-bringing of the students.

We are confident that our students will learn from the best, will become the best and will contribute their best to the society.

Anita Mishra
(Head Mistress - Junior Wing)

CO-ORDINATOR, JUNIOR WING

Towards a better world!

The Aryan International School strives to provide world-class learning environment for the budding minds. Our distinctive curriculum and creative teaching techniques help students in developing critical thinking that adds a new perspective to their personality.

Our focus is on 'learning-by-doing' and strengthening the theoretical concepts. Students are given sufficient attention to grab the concepts through various projects and hands-on classes. We gear up for another year of teaching - learning process that is flexible, supportive and instills independent thinking in tiny tots.

We at the Aryans, encourage students to learn in cordial environment even from their mistakes and to develop them into individuals who would make this world a better place to live in with their progressive, humane and scientific approach.

Ms. Dipti Singh
(Co-Ordinator - Junior Wing)

Head Boy (Session 2018-19)

Saturday, April 9, 2011 was the day when a shy, introvert kid nervously entered the strange red building. Yes, it was the day I joined The Aryan International School. This was the seventh time that I was a new student and now it feels like I was born into it. I truly take pride to admit that this school was a haven for my transformation.

In the years that I spent here, I learned to interact and learned the lessons of humility. I was taught to realize the power that is innate in every child. The atmosphere provided me with the sense of growth. This is the school that not only allowed me to think beyond the reaches of books and discussions, but injected within me the strength to build my own perspective towards life. I was blessed with opportunities to stand out from the crowd and develop a character of my own. Here, I learned the value of morals and indeed felt the essence of faith, rather found my true guide- Optimism.

In this game of success and failure, I leave my word that I shall never fall broken and cry, and if I do, I will stand up to thrive with a smile. Allow me to leave with this promise to the school as my humble gratitude. May we all excel, thank you!

Debojeet Chakravarty, XII Keynes (FMM)

Head Girl (Session 2018-19)

Just seven years of voyage in The Aryan International School and my teachers of middle wing, Science, Commerce and Humanities have carved me so selflessly and yet very professionally. Already humbled, I was, when another honour 'The Head Girl' title was poured upon me!

Be it this honour or the previous ones or the tireless fun during Founders or marching ahead with glistening Aryan Flag, Chopra Sir's birthday or everyday class hours, each moment I wish to taste once again!

"You can preach a better sermon with your life than with your lips", and Chopra Sir and

Subina Ma'am are true epitome of this. That 1,000% energy in Sir's 'Marengi Jiyenge Karengi' and Ma'am's constant guidance against a 'casual approach' have been embedded deep into our neurons.

Throughout my time with Sir, I have never heard him say, "Pragya you go, do it", rather, "Let's do it". Roger that. And his tender yet assertive ways to wash away my negatives will always remain fresh in my conscience.

I command my head to bow before this huge family, right from support staffs to the teachers who have unanimously brought out the true example of the Aryan Anthem and have made Aryan an institute of excellence and an institute to reckon with.

Once an Aryanite, always an Aryanite! Over and out for now.

Pragya, XII Science City Office

The Aryan International School has changed me as a person. I can't thank enough to all the amazing teachers and friends all of them have channeled me in a positive way. To finish my journey in my Gurukul as a head Girl has been a dream come true. 14 years have gone by and I still love this school as much as I did on my first day. Today, I leave the school for the last official time; however, I leave with more knowledge and wisdom than what I entered with. My years at Aryan will further remain etched into my heart.

Thankful!

Ojaswini Jain, XII Fayol

THE ARYAN INTERNATIONAL SCHOOL VARANASI

Annual Report 2018-2019

The Annual Report showcases the achievements and glories of our school, undoubtedly, but also makes us think deeply about our future actions. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality. We set standards and goals for ourselves and strive to achieve them - be it in the area of academics, sports, discipline, leadership and more. Today, we are here to celebrate the efforts that our students displayed in the path to success.

We thank almighty God for all the blessings bestowed upon us year after the year.

ACADEMIC EXCELLENCE

I wish to begin with our performance on the academic front. Achieving academic excellence is at the heart of our endeavor as educators. Academic achievements reflect a demonstrated ability to perform to the best of one's ability by developing one's intellectual potentials and skills with diligence and ardor. We are happy to share the commendable performances of our students.

Excellence in academics is the hallmark of THE ARYAN INTERNATIONAL SCHOOL and Class X and XII Results of the School prove without any doubt that our students have made us proud.

The celebration of our success begins with an expression of gratitude to our chairman Mr. Vineet Chopra sir and Director Ms. Subina Chopra ma'am, whose vision, wisdom and missionary zeal always inspires all stake holders to work with passion and commitment.

CLASS XII RESULTS

SCIENCE STREAM

- In science stream of class XII 12% of Students scored above 94% and 26% students scored above 90%.

Our science toppers were

• Deepak Srivastava	96.4%	• Amit Singh	95.2%
• Shashwat Agrawal	96.2%	• Preksha Dhoot	94.8%
• Pranjal Agrawal	96%	• Rishabh Agrahari	94.6%
• Ruchi Agrawal	95.8%	• Pranjal Pratap Dubey	94.6%
• Isha Pathak	95.4%		
• Divya Yadav	95.4%		
• Geetanjali Gangwani	95.2%		

Subject wise highest marks were

• Physics	100
• Chemistry	95
• Mathematics	97
• Biology	98
• English	98
• Painting	100
• Music	100

- 7 Students of our school have qualified JEE Advance .They are Saksham Gupta AIR 353, Sarik Shameem AIR 40, Ritesh Singh AIR 166, Shashwat Agrawal AIR -443, Hemant Tharad AIR-918, Anmol Gupta AIR- 6000, and Abhishek Gupta AIR-5000,
- 5 Students of our school have qualified NEET PMT 2018 .They are Amit Yadav, Kashika Singh, Ayush Arya, Hanshika Raj and Sonal Das.
- 6 Students of our school were selected for admission in Foreign University they are Shivansh Srivastava , Abhishek Anand, Harshit Sah, Anmol Dhawan, Priyan Rai and Dev Agrawal. Anmol Dhawan got admission in Singapore Polytechnic. Priyan Rai and Dev Agrawal got admission in university of Cincinnati, USA.
- 23 Students of our school have qualified JEE Mains.

Commerce Stream

Aryanites shine once again giving the best results in commerce stream, this excellence in Aryan is due to high vision skillful execution and hard work of all the stake holders.

30% of our commerce students scored above 95%, and 61% students scored above 90%.

SINCE LAST THREE YEARS IN A ROW WE HAVE REGIONAL TOPPERS OF COMMERCE STREAM WITH 98.4%. THIS LEGACY WILL CONTINUE.

Toppers in commerce stream were

• Ritesh Rai	98.4%	• Isha Mishra	96.4%
• Muskan Agrawal	97.8%	• Shivam Agrawal	96.2%
• Anamika Shree	97.6%	• Soumya Singh	96%
• Anuradha Jaiswal	97.4%	• Ritika Beria	96%
• Anuja Rungta	97.4%	• Anshika Singh	96%
• Bhavesh Dawar	97.4%	• Praful Singh	96%
• Mallika Mehrotra	97.2%	• Govind Narayan Agrahari	96%
• Satyendra Tiwari	97.2%		
• Sanidhiya Jaitley	96.8%		
• Shachi Gupta	96.8%		
• Simran Agrawal	96.6%		

Subject wise highest marks were

• Accounts	96
• Business Studies	100
• Economics	100
• English	98
• Music	100
• Painting	100

- Our Students were placed in top most commerce colleges of country -

LADY SHRI RAM COLLEGE OF COMMERCE, HASSARAM RIJHUMAL COLLEGE OF COMMERCE AND ECONOMICS (HR COLLEGE), MUMBAI, MITHIBAI COLLEGE, MUMBAI, NARSEE MONJEE COLLEGE OF COMMERCE AND ECONOMICS, MUMBAI, INTERNATIONAL INSTITUTE OF HOTEL MANAGEMENT, MUMBAI, BANARAS HINDU UNIVERSITY, CHRIST COLLEGE BENGALURU, NATIONAL LAW UNIVERSITY, DELHI UNIVERSITY & SYMBIOSIS.

- **Snigdha Rai got first rank in BHU B.Com Entrance and Mallika Mehrotra got 2nd rank.**
- In 2015, 20 students scored above 94%, in 2016, 24 students scored above 94%, in 2017, 52 students scored above 94% and 2018, 64 students scored above 94%.

CLASS X RESULTS

- After a gap of 7 years class X board exam were held at external centers and Aryanites once again proved that they are best mentored and prepared.
- 14% of our students scored above 93%
- 29% of our students scored above 90%,
- Toppers of Class X were **Akshansh Agrawal 98%, Shreya Maheshwari 97.8%, Manan Rathi 97.2%, Sambhavi Shukla 96.8%, Nandini Agrawal 96%, Kasturi Drolia 96%, Shreya Tiwari 95.8%, Vaishnavi Vijay 95.6%,**
- Subject wise Highest marks were **Science 100, Social Science 100, Maths 99 and English 98.**

RECOGNITION AND AWARDS

- The true measure of a school's co-scholastic programme is its participation and meritorious performance in interschool activities. In the last academic year our students participated in various interschool, national and International events covering a wide range of skills and talent and won several prizes. The details of a few commendable achievements are [HERE](#)
- **INTACH HERITAGE QUIZ- Harshit Upadyaya and Sudhanshu Rai** won national final of Intach Heritage Quiz. Our school hosted this edition of Intach Heritage Quiz at our school. Aditya Mahanta and Reeva Agrawal were selected for state round.
- **Mcfair international 2018** was organized at CMS Lucknow. **Debojit Chakraverty** of Class XII won the first position in MUN.

In Kanpur MUN

- Harsh Vardhan Kanodia bagged the best photographer award for International Press.
- Aradhya Agarwal bagged the best High Commendation and Pranav Jalan bagged the best verbal mention for UNHRC.
- Kunal Dodeja acclaimed the best verbal mention for Lok Sabha.
- Our schools team of participated in **International Event Confluence** at CMS Lucknow. Our team of Jwala Pratap and Suryansh Singh got 3rd position in Quiz, Harshwardhan Kanodia got 3rd position in

OPERA, Ayush Sinha and Aditya Mahanta got 3rd prize in Powerpoint Presentation.

- Our school team participated in **Intach Art Quiz** and was runners up .
- Shreyansh Mehta of Class VII was selected master of ceremony and anchor for Indian principals meet at Lucknow. He was awarded by former CBSE Director Mr. Ashok Ganguly.
- **School Quiz League** - Jwala Pratap Singh and Suryansh Singh were awarded 2nd prize in the school quiz league held at BHU Arts Auditorium.
- **LITERATURE FEST**- Our school participated in the Literary Fest held from 07/08/2018 – 10/08/2018 by the renowned Allen House Public School, Kanpur. The participants were Debojeet Chakravorty, Jwala Pratap Singh, Nitya Bansal, Inshita Thapar, Asneet Kalra, Aarya Raj Yadav, Shreyansh Khaitan, Aarna Tandon, Hitanshi Goklani, Ishita Tiwari and Reeva Agarwalla.
- Our school team won first prize in **Lamponery**, second prize in **Gift of the Gab**, third in the **Thespian Act**, third in **El concurso** and third in **Hit the trail to Ad-Mart/** The Aryanites also bagged the title of **The most Vibrant Team**.
- The quest for success does not end here. Aryanites aim higher for the upcoming events.

ACHIEVEMENTS IN SPORTS

- In CBSE cluster V table tennis tournament at Allahabad our under 19 girls team of Niharika Deo and Shambhavi Gupta got silver medal in team event and qualified for nationals.
- Niharika Deo got bronze medal in under 19 individual event.
- Under 17 girls team of Pragya, Aayushi and Shruti won bronze medal in team event.
- Ayushi Singh got silver medal in under 17 individual event and qualified for nationals.
- Pragya Dwivedi got silver medal I under 14 individual event and qualified for nationals.
- Shushant Goel of our school ranked fifth in CBSE Zonal Rifle Shooting Championship and qualified for nationals.

In CBSE ZONAL SWIMMING COMPETITION

- Riya Pandey class XII won gold medal in Under 19 100 Mtr Breast Stroke, Gold Medal in Under 19 200 Mtr Butterfly, Silver Medal in 100 Mtr Butterfly, Silver medal in 50 mtr butterfly and bronze in 200 mtr individual.
- Navya Sen of class XII got gold in under 19 800 mtr freestyle, gold in under 19, 400 mtr free style and silver in under 19 100 mtr free style.
- Hitanshi Goklani of Class VIII got silver medal in under 17 800 Mtr. free style
- Under 14 girls team of Kashish Anand, Swasti Ganeriwala, Mohika Peshwani and Guntaas Kaur won silver medal in medley relay and freestyle relay.

THEY ALL QUALIFIED TO PLAY IN NATIONALS

CRICKET

- Our school cricket team was the winner of under 19 Ccholastica Cup in Bangladesh.

- Yash Lakhmani, Sachin Raj, Pranav Pratyagat and Shubh Khatri were enrolled in under 16 Kolkata League.
- Our team was the quarter finalist in under 17 SGVP Cricket Tournament at Ahmedabad.

EVENTS AND ACTIVITY

SCIENCE EXHIBITION

Annual Science Exhibition Technocraft-2018 was held on 16th oct 2017 under the motto Innovation is key to greatness. The Event saw young enthusiastic participants from the school putting up MORE THAN 200 participatory exhibits comprising of Innovative working models. The exhibits were indeed eye openers on various topics related to Green energy, Innovation in transport, Communication, Agriculture, Surveillance, Bio diversity, Smart cities and Environment.

CLIMATE SCHOOL

SEEDS Asia JAPAN has been implementing a three-year project on **“Participatory Community Based Disaster Risk Reduction Approaches in Varanasi”** funded by Japan's Ministry of Foreign Affairs, since October 2015. The project is being carried out to promote Kyoto Varanasi Partner City Agreement which was signed by both mayors in the presence of PM Modi and PM Abe in August 2014. In the past 2 years, various Disaster Risk Reduction (DRR) training workshops were conducted by SEEDS Asia, in our school and societies to increase their knowledge of DRR and their capacity to respond to natural disasters. Last year I visited Kyoto and this year our manager admin Mr. Gaurav visited Kyoto to learn DRR education in Kyoto. In order to disseminate the importance and the spirit of DRR, more widely to the people of Varanasi, DRR Awareness-Raising Campaign was planned on 17 th November 2018 at our school from 8.30 am.

ACCOUNTING WORKSHOP

On July 24, 2018, our school got the privilege to conduct a seminar by respected Dr. R. K. Khosla and MOST PRESTIGIOUS AND RENOWNED AUTHOR OF DOUBLE ENTRY BOOK - KEEPING THE BIBLE OF ACCOUNTS Dr. T.S. Grewal. The students, the teachers and our respected Chairman had a mind blowing session with them. They were not only limited to accounts or books but also involved the lessons of life. They made the students realize the importance of a teacher in one's life. THEY WERE VERY IMPRESSED BY MENTORING OF OUR COMMERCE STUDENTS AND AWARDED THEM.

On 21st July, an extensive orientation had also been taken by Mr. Anand Pandey, representative of UCAM University, Spain, for classes XI and XII. He cleared the queries of the Aryanites regarding admission criteria, fee structure etc. about UCAM University.

OUR NEW INITIATIVES AND FUTURE PLANS

NEW COMMERCE BLOCK

We have New academic block named Commerce Block with all modern infrastructure including auditorium with smart class rooms. Our Chairman Mr. Vineet Chopra inaugurated block on 14th July 2018

SKILLED EDUCATION

As India targets to becoming a global economic powerhouse, it needs to equip its workforce with

employable skills and knowledge to make India a developed economy. We are pleased to share that our school has got affiliation for financial marketing management, web application and Information technology as skill base subjects.

LEARNING TUESDAY/THURSDAY- It is an innovative learning approach to enhance the practical skills of commerce students from an initial age giving them the required exposure in various commerce-related topics by renowned academicians and industry experts based in the Financial Capital of India - Mumbai through digital live classroom equipped with webinar hardware and software. It's salient features are -

- Sessions led by professors teaching at leading educational institutes
- Live interactive classroom approach in a webinar based atmosphere
- Practical, need-based topics - Out of the restrictive syllabus
- Continuous learning approach
- Enabled to connect to the best in the world sitting at one place
- Exposure giving ease in deciding ones academic and professional future

VISIT OF MR. HAMPTON FROM KENT UNIVERSITY

Dr. Mark Hampton, Associate Professor with the University of Kent UK delivered a lecture to the Aryanites on September 10, 2018. He was warmly welcomed by our Chairman Sir, Mr. Vineet Chopra. In the beginning of the lecture, Dr. Mark Hampton introduced the University of Kent to the students. After giving a detailed description of the university campus, he spoke about the school of Anthropology and Conservation. He further divulged on the core principles of his school. He also gave an outline of the courses offered at his university.

ADMISSION IN FOREIGN UNIVERSITY

IIT and NEET are no more ultimate destinations for students, there are many foreign universities better than IITs and NEETs open for Indian Students. We prepare mentor and guide our students for admission in various foreign universities. We have tie-ups with HKU, Singapore University, KENT University UK, UCAM University, Spain and some other foreign universities.

TO GET ADMISSION IN THESE UNIVERSITIES, OUR STUDENTS NEED NOT TO GIVE ANY INTERNATIONAL ENTRANCE EXAM. THEY WILL GET ADMISSIONS ON THE BASIS OF CLASS XII GRADES AND LETTER OF RECOMMENDATION FROM OUR SCHOOL. UNIVERSITIES HAVE PROMISED TO GIVE SCHOLARSHIPS TO STUDENTS WHO WILL GET GOOD GRADES.

Accounting Workshop by CA, Dr. G. IS, Grewal & Dr. R. K. Khosla

On July 24, 2018, our school got the privilege to conduct a seminar by respected Dr. R. K. Khosla and Dr. G. S. Grewal. The students, teachers and our respected Chairman Sir had a mind boggling session with them. The guests were very interactive during the seminar and so were the Aryanites. Students who answered the questions correctly were duly rewarded with pens and cash prizes.

The two gentlemen had a great-influencing power. We were given lessons, which were not only limited to accounts or books but also involved the lessons of life. They made the students realize the importance of a teacher in one's life. A child is born with a mind; a teacher teaches him how to use it.

Hereby, we express our sincere gratitude to Dr. R. K. Khosla & Dr. G. S. Grewal for rendering their precious time and enlightening us with their thoughts and knowledge.

Psychometric Assessment for Classes IX - XII Com. students Orientation by the representative of UCAM university, Spain

On 20th and 21st of July, a Psychometric assessment test was organized by the school in coordination with Mindscan Edu. Pvt. Ltd., New Delhi, under the supervision of the Director of the institute Mr. Mandeep Singh Bacchao. The assessment was for classes IX to XII, on the following issues -

1. IX and X - Psychometric assessment for their stream selection in class XI and career guidance for future programmes.
2. XI and XII - Psychometric assessment for the selection of various courses after class XII and career guidance for getting admissions in various top universities and colleges covering the students of both commerce and humanities.

On 21st July, an extensive orientation was also taken by Mr. Anand Pandey, representative of UCAM University, Spain, for classes XI and XII. He cleared the queries of the Aryanites regarding admission criteria, fee structure etc. about UCAM University.

Guest Lecture by Dr. Mark Hampton, University of Kent

Dr. Mark Hampton, Associate Professor with the University of Kent Addressed Aryanites on September 10, 2018. He was warmly welcomed by our Chairman Sir, Mr. Vineet Chopra. In the beginning of the lecture, Dr. Mark Hampton introduced the University of Kent to the students.

After giving a detailed description of the university campus, he spoke about the School of Anthropology and Conservation. He further divulged on the core principles of his school. He also gave an outline of the courses offered at his university. The lecture was informative as it highlighted the future educational opportunities for the students at the Kent University. The lecture was followed by the interactive question and answer session.

Hampton was given a token of gratitude by Ashok Pandey Sir. Later during the day, he had an interaction with the teachers of the school.

The students were enthusiastic and felt enriched by the lecture. They were curious to know about the university and t offered. Dr. Hampton satisfied all their queries amicably and appealed them to widen the horizon of their ambitions.

Workshop on Careers and Placements in Corporate World

A motivating one day workshop on Careers and Placements in corporate world was presided by Dr. Navin Punjabi, Associate Professor, HR College of Commerce and Management (HRCC), Mumbai in our esteemed school on 24 July, 2018. Dr. Punjabi heads over the Placement cell of HRCC, Mumbai and teaches subject of International Trade, Financial Management in the same college.

In the workshop, he talked about the variety of courses and careers that students can opt for like BAF, BPM etc. He also did simulation exercises with the Aryanites in order to train them about the individual tactics and the group dynamics needed to sustain in the corporate world. He entertained various questions of the Aryanites related to Actuarial Sciences, HR, Psychology, Starts up, Financial Advisor etc.

He was honoured by a token of gratitude by Mr. Shantanu and Mr. Ratandeep with a memento.

Our school participated in the Literary Fest held from 07/08/2018 - 10/08/2018 by the renowned Allens Public School, Kanpur. The team comprising of students from classes VII to XII brought laurels to the school.

Jwala Singh, Nitya Bansal, Ishita Thapar, Ashneet Kalra, Aarya Raj Yadav, Shreyansh Khaitan, Aarna Tandon, Hitanshi Gokhlani, Ishita Tiwari and Reeva Agarwala. Taking part in all major events, the school team bagged prizes in many of them, with the first prize in 'Lampoonery', second prize in 'Gift of the Gab', third in the 'Thespian Act,' third in 'El concurso' and third in 'Hit the trail to ad-Mart'.

The Aryanites also bagged the title of 'The most Vibrant Team.' The quest for success does not end here. Aryanites aim higher for the upcoming events.

Independence Day Celebration

The Aryan International School celebrated India's 72nd Independence Day with the unprecedented patriotic fervour on 15th August, 2018. The entire school assembled in front of the main building of the school for the celebration. Principal Sir hoisted the Tricolour. The national anthem echoed in the entire campus.

Principal Sir also addressed the students on the occasion.

The gamut of celebration activities held in the campus consisted of a beautiful classical dance, Indo-western dance performance, a combo of sufi and semi-classical dance. Students sang a melodious song "Ae Watan". They presented Hindi and English speeches. A group of students performed a skit that highlighted the duties of a responsible citizen. Most of the Aryanites contributed their hard work in class decoration and most importantly, marked their presence in school premises with patriotism, conveying "Jai Hind, Jai Bharat".

PHONIC WORKSHOP

A comprehensive workshop on Jolly Phonics was conducted by Mrs. Chhavi Chowdhary for our teachers on 19th September, 2018. The workshop was especially designed on improving multi-sensory classroom teaching as well as helping our teachers to improve reading skills of our students.

Eureka International

Competitions are an indispensable part of our life. We at Aryan, with our motto '**Will to Excel**' participated in 'Eureka International' held at CMS, Lucknow from 16th December to 19th December, 2018. Ten Aryanites from Classes V to IX participated in an extensive plethora of competitions including Dream Merchants, Merry Queries, Pop Art, Touch My Shadows, Voice Over, Debate, Footloose, Inventors Galore, Embellishing and Cultural presentations. Around sixty National and International schools participated in the event and posed a tough challenge to each other. Aryanites bagged 3rd position in 'Dream Merchants and 1st consolation in Merry Queries (Science Quiz).

SCREENING OF FILMS

A workshop was organised by INTACH (Indian National Trust for Art and Cultural Heritage) to teach students the techniques of film making. 10 students attended the workshop from our school. A competition was later conducted where they had to present short films (documentary) on three different topics-

- (I) Water Heritage
- (ii) A Monument (Beautifully Architected)
- (iii) A Traditional Art

Students made three films based on these topics-

- (I) Water Heritage - Assi River
- (ii) Traditional Art - Benethi
- (iii) Monument - Nepali Temple

Achievements - All the three films were selected for screening and our school received two awards

- (I) Best Visuals (for the film Assi River)
- (ii) Best Cinematography (Benethi)

Name of the students -

FILMIT Workshop

A motivating workshop (FILMIT) was organized by INTACH at Little Flower House, Varanasi on July 26, 2018. Ten students from our school (Dhruv Sarin, Pratham Seth, Naman Jalan, Kanishka Bhojrajka, Pranjal Singh, Jayesh Dhoot, Harshit Arya, Palak Chandra, Harshika Singh and Vanshika Agrawal) along with Shashwat Sir and Alpana Ma'am attended the workshop. The workshop began with Mr. Gulati's speech, then Shiva Ma'am (An INTACH member) threw light on Indian heritage and suggested five topics for films. She also gave several tips for making good films. In the end, Mr. Ankit (An INTACH member) shared his experiences of making films and editing with a couple of tricks and techniques. A few films were also shown to encourage the students for doing the same.

ENGLISH Language WORKSHOP

A five hour workshop was organized by HEADWORD. This productive workshop on English Language was held on July 14, 2018. The resource person Mr. A. K. Tripathy was introduced and warmly welcomed by Jayshree Ma'am. Mr. Tripathy gave away some handouts for error detection. The questions were quite tricky and conceptual.

He made every possible effort to satisfy all the teachers with his logical answers. He threw light on phonetic transcription and grammatical rules. All the teachers participated in the workshop enthusiastically. The workshop concluded with a vote of thanks by Subina Ma'am.

Workshop On Urban Waste Management

A workshop on Urban Waste Management was taken by Scrapshala on 8 August 2018. The Workshop started with a presentation on current scenario of problems and solutions to waste management in India. Concept of upcycling as a consumer based solution was explained that was followed by upcycled products made by Scrapshala from commercial

reimagined products like newspaper, bags, bookmarks, gift wrapping and eco friendly rakhis etc. were demonstrated by Team Scrapshala to the students of classes VII and VIII. The session ended on an interactive mode between team scrapshala and the students. Internship opportunities were given to the students by Scrapshala.

HOG WORKSHOP

Helen O' Grady International conducted a workshop for teachers of The Aryan International School. The workshop conducted by Mrs. Tapobratī Das Samaddar was on team building, interpersonal and intrapersonal communication, empathy and trust with the teachers using Augusto Boal and Meisner techniques of Theatre WORKSHOP.

2018-19 Event Gallery

Pravasiya Bhartiya Divas

Pravasiya Bhartiya Divas is a celebratory day observed by the Republic of India to mark the contribution of the NRI's in the development of our country. As the city camouflaged in celebrations of the event, each school was allotted a country to explore and discover. Our school explored 'Bulgaria' through a variety of events like Masterchef, Painting Competition, Cultural Fest etc. Aryanites enthusiastically

participated in the events like Masterchef to whip up various Bulgarian foods like Banesta, Snezhanka salad, Shopska salad etc. They discovered 'SOPHIA' the capital and culture of Bulgaria. Our school was selected for the district level competition.

Creya:-

An integrated stem lab and design studio. We have collaborated with Creya Learning studio for the new academic session to provide experiential education, helping students to build the requisite empathy to identify and define problems better & be equipped to find meaningful solutions using an interdisciplinary approach.

My Pedia:-

In our endeavour to provide academic excellence to our learners, we have tied up with Pearsons, My Pedia, for curriculum collaboration and theme based teaching methodology, so as to implement a dynamic teaching and learning process for classes Nursery to UKG.

Book Nuts:-

A dedicated methodical and scientifically developed reading programme to foster the love for books and reading, 'Book Nuts' has been incorporated in our school curriculum for classes I to VIII. The programme aims to enhance the reading and communication skills, English language as well as attention span of every child. **The school is taking this initiative, complimentary which includes six story books over the academics session.**

Techno – Craft 2018

In October, Science Exhibition was held where numerous exhibits were on display. The students took keen interest in making stationary and working models. The best models of each class were awarded. The following were the prize winning models. These students were rewarded on the stage at the Founder's Day in November.

Our school participated in 'I want to be heard'-an elocution competition organised by Helen O'Grady International Preliminary round was conducted in the school premises and the final round was held at Shatabdi Bhawan, Banaras Hindu University on Dec 7th, 2018. The elocution competition comprised of three categories. Around sixty students from different schools participated in it. Aryanites performed exceedingly well in all three categories. Aakriti Mishra achieved the first position in the second category, Ananya Singh bagged the second position in the third category and Divya Keshwani won the third position in the first category. The quest for achievement however does not end here. Aryanites will continue to aim higher in upcoming events.

Film It Experience

'Film It' was a fruitful experience
We tried to make films
We uttered no vice
We traveled in buses with beautiful rhymes;
We went to Assi
At the start, it was quite messy
We went there again;
Which was our gain ,
We went to the Nepali Temple
We derived something from each pebble
The temple had amazing carvings
We were standing there; amazed and smiling
'Benethi' was the last film;
For which we were on the brim
At the end, we won several awards
But the learning experience was our real reward.

2018-19 Event Gallery

The tiny Aryanites celebrated grandparents day to honour and recognise the contributions of the grandparents in our lives on 2nd February 2019. The event started with a welcome speech by Twisha from U.K.G. Petals, followed by the march past by the Kindergarten.

A colourful friendly football match was organized between the teams - Kavita Warriors, Shambhavi Warriors, Jaya Warriors and Bhumika Warriors from L.K.G. and Sonam Riders, Shilpa Riders, Nandani Riders and Amrita Riders from U.K.G.

The winning teams were Amrita Riders (U.K.G.) and Jaya Warriors (L.K.G.). The team leader of Amrita Riders was Shaurya while goalkeeper was Nitin Sharma and the team leader of Jaya warriors was Manvik along with its goalkeeper, Yuvraj Singh. Fun races were also organised for the grandparents and children. The stars of the event were our own grandparents senior Mr. & Mrs. Chopra who blessed the tiny tots with loads of love and blessings.

➤ Recreational Races :-

A. Newspaper Dress Designing Race

- (1) Twisha (U.K.G. - Lily) from Petals
- (2) Hridayesh Sharma (U.K.G. - D. Angels) from Main Branch
- (3) Prakhar Singh (U.K.G. - D. Angles) from Main Branch.

B. Craft Race:

- (1) Aryak Jain (L.K.G. Daisy) from Petals
- (2) Ishan Bajaj (L.K.G. Daisy) from Petals
- (3) Avyukt Sharma (L.K.G. Lotus) from Petals

C. Musical Chair:

Jyoti Jain, Grandmother of Aryak Jain (L.K.G. Daisy) from Petals

D. Fashion Show:

- (1) Best Walk:- Mrs & Mr. Tulsyan, Grandparents of Aradhya Tulsyan (U.K.G.-Lily)
- (2) Best Dress Up:- Mrs. Vijay Mehra, Grandmother of Sarthak Mehra (L.K.G.- Lotus)
- (3) Best Speaker:- Dr. Rukmani Singh, Grandmother of Aayansh Singh (L.K.G. - Daisy)

Sanskriti-16 (Juniors)

Varanasi : The ARYAN International School (Junior Wing) celebrated its Annual Function 'Sanskriti-16' with a great pomp and show. The programme commenced with the lighting of lamp by the Chief Guest Mr. Alok Kumar Singh (DIG, NDRF), followed by School Report by the Vice Principal (Junior School) Ms. Anupama Singhania. The cultural evening started with melodious orchestra comprising of more than hundred students playing a symphony of more than ten Indian and western musical instruments. They transported the audience to a musical world. The Principal of Aryan Petals, Ms. Barman, also read out the annual report. Thereafter, Aryanites conveyed a strong message of struggling women through Vandana, followed by innovative planning for holidays - called 'Kindergarten Show' performed by the students of Kindergarten. The Kids of Aryan Petals paid homage to late Sridevi by performing on her immortal songs; colourfully dressed kids mesmerised the audience by their amazing performances. The students enacted a play (Judgement of Yam) on social issues prevalent in the country, seeking Lord Krishna for a solution. Kids truly won the hearts of the audience by giving the message of accepting challenges of life through 'Cinderella'. The theater group, H.O.G. conveyed an inspirational message of being successful, overcoming all obstacles in life through the 'Lion King'. The Aryanites presented 'State Dances' displaying unity in diversity by marvellous 'Jhanki' of various states. Hindi skit 'Bhulbhulaiya' tickled everyone's heart and made the environment humorous and pleasant. 'Sports Dance' exhibited the painful struggles of Milkha Singh, Mary Kom, Dhyanchand and gave a strong lesson of positivity, invoking patriotism and zeal amongst the audience. Last but not the least, the Chairperson Mr. Vineet Chopra and the Director Ms. Subina Chopra gave a vote of thanks while encouraging all the students to strive to follow the school motto 'Will to Excel' in all spheres of life.

Shalini

Sanskriti-16 (Seniors)

The Aryan International School Varanasi, organized its grand Founder's Day event 'Sanskriti - 16' on the 4th of November, 2018, within the school premises with great zeal and enthusiasm. The chief guests of the event were the honourable parents and guardians of the honoured students. The programme started by the lighting of the lamp by the honourable Chairman, Mr. Vineet Chopra and Director, Mrs. Subina Chopra followed by school's annual report presented by the Principal of the school, Mr. Ganesh Sahai. This was further followed by the mesmerizing music played by an orchestra consisting of about 100 students playing around 17 musical instruments. Further in the series of programmes, was the Vandana that was dedicated to the sources of life, force and energy - the Goddesses Durga, Laxmi and Saraswati. The constant and loud applause from the audience added energy and enthusiasm to the event. The Hindi play 'Yamraj' which was based on the character of Yamraj, stole the hearts of the audience. The 'Girls Show' based on the theme of 'Beti Bachoo - Beti Pardhao' left a deep impact on the hearts and minds of the audience. The English play 'Is He Dead' was also staged. This play

was a fictitious presentation of the life story of a poor French painter, Zing Jan, who was ready to do anything to earn fame. Then was the time for the most awaited part of the programme, 'The Award ceremony', where the students of Class X and XII were awarded for their excellent achievements in the academic field. The students were called on stage along with their parents to be presented with their certificates and trophies. The Chairman of the School also awarded the winners of the Best Science Model Competition. The end of the programme was marked by an excellent performance of the boys in the 'Boy's Show' wherein the students brought alive the memories of the legendary actors of old times and presented a splendid programme in front of the audience. The complete bouquet of the show presented an optimistic inspiration for achieving success in life. The audience appreciated the brilliant efforts of the students in making this event a success. At the end, the Chairman of the School Mr. Vineet Chopra and the Director of the School Mrs. Subina Chopra appreciated the participants and thanked the audience.

Parents & I

Aryan Petals (Kindergarten) and The Aryan International School gathered together for their much awaited annual event 'Parents & I' on 8th December 2018. Though earlier celebrated as 'Mom & I', the fathers were left out from participation. Such special annual events create a community atmosphere for our students and their families. The event witnessed much euphoria and participation both from the parents and students.

Non-Fire Cooking, Fancy dress, Dance Competition and several other activities were held to judge the co-ordination between the parents and their child.

The winners of the various events were as follows: -

Non-Fire Cooking:

I st prize -	Kashvi Tripathi	U.K.G. T.
II nd prize -	Siddhant Chandra	U.K.G. D.
III rd prize -	Aradhya Vishkarma	U.K.G. D.
IV th prize -	Sanskriti Rastogi	U.K.G. T.

Best Out of Waste:

I st prize -	Pehal Sachdeva	U.K.G. D.
II nd prize -	Aadya Apporwa Shrivastava	U.K.G. D.
III rd prize -	Ayushman Das	L.K.G.

Dance Competition:

I st prize -	Shristi Pandey	U.K.G. T.
II nd prize -	Jagriti Pandey	U.K.G. D.
	Prakhar Singh	Nursery
III rd prize -	Annanya Tiwari	U.K.G. D.

Apart from these events, the tiny tots also participated in Dumb Charade with their parents.

Dumb Charade (Mother with child)

I st prize -	Pehal Sachdeva	U.K.G. (D.)
II nd prize -	Aadhya Apoorwa Srivastava	U.K.G. (D.)
III rd prize -	Kashish Sharma	Nursery
IV th prize -	Kunwar Avyansh	U.K.G.(T.)
V th prize -	Kauish Dueby	Nursery
VI th prize -	Kartikey Pandey	U.K.G. (D.)

"Somewhere, something incredible is waiting to be known." - Carl Sagan

How relevant it is for all of us: children, parents and teachers. There is never any point in the life of a person when he can sit back and say, "There is nothing more to learn,

I can relax with the comforting thought that the universe around me is an open book.

I know it all.

"Education is not just about the subjects that are learnt and taught in school. Becoming educated is not restricted to being in school and then in college, gathering certificates and feeling proud of oneself. It is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth. Now we know that this cannot be done literally, so how do we manage it, first in school and then as we go on through the journey of life?

First, we all have to be on the same page: children, teachers and parents have to understand that education is not restricted to lessons taught in the classroom from text books. Parents and teachers must encourage children to ask as many questions as they can.

The thirst for knowledge is not restricted to the child. It is also essential for a parent and a teacher to keep adding to their own knowledge bank by keeping their eyes and ears open and by reading as much as possible and ensuring that children develop these habits as well.

Besides all of the above, that add to children becoming truly educated, schools and teachers must ensure that children have a society of enriching experiences. Surprisingly, these experiences develop a child's creativity and imagination and lead to something that is often thought to be more important than knowledge. Creativity and imagination make children grow up to be productive adults who then arrive as citizens of the world ready to make their own great contribution to mankind.

"Imagination is more important than knowledge. For knowledge is limited to all we now know and understand, while imagination embraces the entire world, and all there ever will be to know and understand." - Albert Einstein

My message to the Staff, Students and esteemed Parents is to dedicate this year to a correct understanding of what education really means and let us all benefit from this understanding.

ANNUAL REPORT

The Annual Report show cases not only the achievements and glories of our school, but also makes us think deeply about how to grow further and achieve more milestones. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality.

The pre-primary and the primary wing of the school is a perfect introduction to a child. This academic year began with an additional section of class II. An orientation programme was conducted for the parents to help them get acquainted with the philosophy, working and motto of the school and class routine.

We are committed to provide education with the highest standards which enhances the skills, etiquettes and confidence. The school is known for imparting practical

knowledge, practice in spoken English and personal attention. This school has a tradition of having English speaking skills right from pre Primary classes. To begin with, we encourage them to speak English without hesitation, build up their vocabulary and make their own sentences. Story-telling, recitation, role plays, Friday Activities, English Fortnight and

speaking competitions are the integral part of the school curriculum.

Helen 'O' Grady Drama classes help them to speak English clearly with correct phonics, Voice modulation and emotions. It boosts up their confidence for stage presentation.

The whole concept of primary section revolves around the five segments of learning-knowledge, skill, concept, attitude and action.

A learning ambiance is created in the class and in the school so that the child can get curious and can explore through Science Kit, Maths Lab and Computer Lab, etc.

For cultural and Science related activities, students make models and projects to imbibe concept based learning thus facilitating better understanding of a subject.

To sensitise the children and inculcate humility, children

visited an NGO and spent valuable time with the under privileged. On Children's Day, students of the Pre-Primary visited Sagar Ratna restaurant and enjoyed the food and learnt table manners.

To instill the habit of reading, we motivate the children to develop the culture of reading not only to draw knowledge and values from the books but also to augment creative and language skills.

The Annual Science Exhibition, Summer Fiesta and Founder's Day showcase talents of every little Aryanite.

Not only academics but hobbies and sports are also our major concern. Junior sports day, funny races, hurdle races etc., organized in the school inculcates the spirit of positive challenges and sportsmanship among the students.

Grandparents Day, Sports Meet and Football Match were organized on 3rd February with great success. The cultural show presented by the tiny tots mesmerized everyone.

In My Mom & I, mother and child stories and dance performances

with perfect coordination between them reflected their strong bonding. Different competitions like Non-Fire Cooking, Art and Craft, Fancy Dress, Dance Competition etc. organized on this special day gave a tribute to the love and bonding of mother and child.

Our teachers are trained by Educom and K-yan company to use their software and LED projectors through smart boards. They have constantly been updated by regular workshops on teaching skills, which all the teachers are implementing judiciously in the classroom.

Participation in Science, Maths, English, G.K., Hindi Olympiads itself is the biggest competition where a child competes to outshine others. We are happy to share the details of the commendable performances of our students (Olympiads, Aryan Pin, Gyan Jyoti).

Teamwork and Co-operation is closely linked and I think that our achievements this year is a result of tremendous co-operation on the part of everyone associated with this institution, but especially, the Aryan faculty for their relentless support.

On this occasion as we recount our success with pride and happiness, we wish to dedicate all our achievements to the committed effort of a committed Team called "The Aryan Petals".

There is a great saying-

"Intelligence plus character is the goal of a true education."

We commit to work together to guide each child in attaining mastery of academic skills and understanding their uniqueness-enabling them to become confident leaders and life-long learners.

Importance of Discipline

"Discipline is the refining fire by which talent becomes ability."

Discipline is the moral obligation among people. The word "Discipline" comes from the word "Disciple" that means a learner. Discipline means teaching to obey certain rules. Discipline is an important virtue. Life without discipline is just like a ship without a rudder. We observe discipline in nature. The earth and the moon revolve around the sun in a disciplined way. As a result, night and day occur after twelve hours. We experience the cycle of seasons on the earth. Our physical existence is possible only due to a great discipline in the external nature. We grow when all the limbs and the respective capacity of different organs of our body grow in a disciplined way.

Discipline is necessary in every walk of life. Whether at school or at home, in the office or in the factory, in the playground or in the battlefield, discipline is a necessity. It builds character, develops strength and unity and fosters co-operation. To be guided by rules, to pay due regard to elders and superior officers, to obey them and to behave with decency with others, all these come under the term discipline.

Self discipline isn't just something that happens once and you're done. It's a practice, small disciplines related with consistency every day lead to great achievements gained slowly over time. The ability to discipline yourself and to delay gratification in the short term in order to enjoy greater rewards in the long term is the indispensable prerequisite for success.

Trees

- Trees are precious gift to us from nature.
- Trees are very important.
- Trees are very helpful and useful friends of humans.
- Trees help us remain alive and healthy because they give oxygen, cool air, fruits, vegetables, medicines, wood, furniture, houses and other useful things.
- Trees reduce pollution and increase rain.
- They are home to many birds and animals.
- Birds make their nests on trees.
- Trees are big source of food.
- Trees prevent soil erosion and floods.
- Many products as paper, gum, rubber etc are obtained from trees.

Women

E m p o w e r m e n t

Ms. Kirti Kapoor
(Teacher)

Women is water, powerful enough to drown you Soft enough to cleanse you and deep enough to save you !

Women Empowerment these days have been a buzz word which states that the women of India are now working shoulder to shoulder with men. It has become a wind of change by giving equal opportunities to the women to choose their education, career, profession and lifestyle. Women of India are now gaining control over their lives and taking their own decisions.

According to the research, it has been proved that working women are increasing every year which has helped them in gaining financial independence which is ultimately giving them immense confidence that they can lead their own lives and build their own identity.

Women of India play multiple roles in life as a mother, daughter, sister, wife and a working professional with remarkable harmony and ease. They try to strike a balance between all these roles in life which makes them a 'jack of all trades.'

"Give the right shoes to women and she can surely conquer the world!"

Women Empowerment is not only limited to urban working women but women in even remote towns and villages are now increasingly making their voices heard loud and clear in society. While it is also true that many women in our society are still facing exploitation and harassment which may be emotional, physical, mental or sexual but inspite of being exploited and harassed, they fought back and came very strong which gave mental strength to other women in the society that now they will not tolerate any type of exploitation.

"A strong women never gives up, she takes a break and always comes back STRONGER."

In the truest sense, women empowerment can be achieved only once there is an attitudinal change in society with regard to women and we treat them with equal respect and dignity as we treat men with.

PUBG

A MENTAL TRAP.....

Winner Winner Chicken Dinner....

Is the chicken dinner really worth it? Most of us are very near and dear to the presently leading, graphically effective and engrossing multiplayer game the player unknown's Battleground or PUBG.

The captivating plot, realistic animated gestures which the game contains; not only help the player to loose his productiveness in various fields of activities, but also it plays

another great role in the player's life as it enhances the player's skill to kill more and more of his precious time.

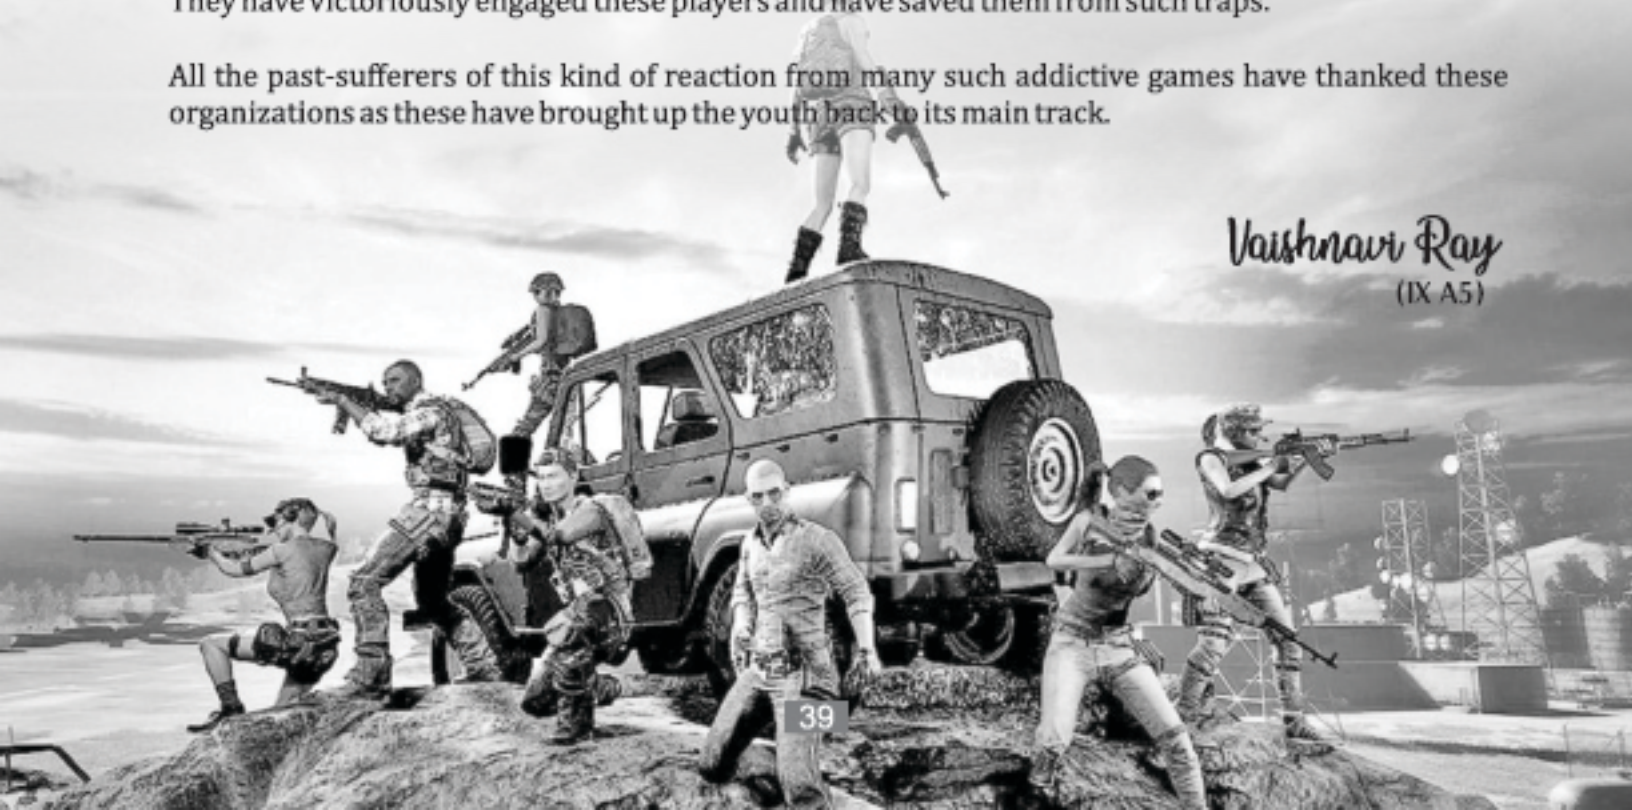

As most of you are familiar with the fact that storage of this large life in the device requires removal of some of the other files, similarly the player craves to enter the magnificent world of this trap, he has to delete a bit of creativity, some of his sense and also a lot of interactiveness in order to free up some memory in the brain so that the player could store some vital gaming informations.

These days, many people are addicted to this drug like game, they are unable to snatch themselves out from the wonderland of this battleground even if they want to. It alters mental, physical, socially and emotional way of thinking and eventually the youth has redirected their thought processes to such a place where one can survive only on the basic of protracted assassination.

It has an unceasing effect on one's brain. It is a very well organized mental trap also the intriguing features add up to it. This drug like game has spread its reaction all around the internet, and unfortunately the rehabilitation from this obsession is quite tough. However, the antidote to this has been found. Many organizations have worked constantly and are still working to find antidotes for such reactions, that the players suffer. These organizations are commonly referred to as 'schools'. They have victoriously engaged these players and have saved them from such traps.

All the past-sufferers of this kind of reaction from many such addictive games have thanked these organizations as these have brought up the youth back to its main track.

Life of a *Girl* (Woman)

Gloomy face, family sad
Why the people have gone mad
Because Girl has taken birth again
In a simple cottage chain

When father's tremendous hands
Took girl in his lap
Then mother had treacherous smile,
In disguise of Motherhood lap

Everyone denied girl's basic rights
For her dreams to take flight
Knowledge brings new light
For battles it is the economy fight

To mould a faith she can trust
To make the laws that are just
To sweep centuries of dust
To challenge what she must

To fight men's domestic violence,
It is necessary for Girls to end their silence,

To challenge the traditional Patriarchy
To demolish the ancient Hierachy

Girls have to fight from all the problems
She needs to struggle for all the solutions
It's her turn to dare
For this she needs to bare

Raksha Shivanya
(VIII Excel)

'An Unfortunate Fate'

Fear gave her courage,
Never had she longed for any coverage.
Wounds and bruises gave her power,

Stood by everyone's side ?
In every ride, every tide.
She succeeded in every phase,
For she was a 'WOMAN' by god's grace.

Mother, Daughter, sister, niece
Handling situations with an unexceptional
ease!
Student, wife or a friend,
Teaching always to give and lend

Turned a 'house' into 'home'
Protecting her dears like a dome.
Creating a world on this Earth,
Providing people with joy and mirth.

Molested, abducted and played with,
"Women are improving" is just a myth!
For her, come let's stand to speak,
For situations have now crossed its peak.

Friends' Fellows ! it's high time,
Speak up, don't let her life stay a 'mime'.
She was a 'woman' by god's grace,
Who is being devastated with a high pace.

Globalization

Globalization is the interdependence of one country on another. This is also referred to as the interaction and integration of people of different communities belonging to different countries for their respective ideas, cultures and trade. This helps in connecting the world and improves the international cooperation. In globalization, all the economies, cultures, population, goods and trades, investments, technologies and ideas of the world are brought together and shared with all.

With the rise in technological developments and communication, globalization has also been boosted up. A major advantage of globalization is that a technology that is invented can be shared with other countries of the world. This process is also essential for the trading exports and imports. Now, since we know what globalization is, it can be said that the first instance of globalization was the British

colonization, because it leads to the spread of many technologies, cultures and languages among its huge empire.

Thus, it can be said that had there been no globalization, we would have never come to know about important technologies like mobiles, televisions, refrigerators, air conditioners etc. without which, life would have been quite impossible.

(VIII-B)

Broken, they say
Broken, I feel
Is that all I mean?
Pondering if I'll ever see the light of egalitarianism,
Wondering if the idea of equipoise will ever conquer my world!
"How filthy, you are!"
This often makes me whine
Do I really deserve this?
Is it all so fine?
You do this,
You do that,
But the tag of 'broken' never turns its back!
How long will this cycle continue?
How long will the mankind suffer?
How long will this barbarity take over the magnanimity within us?
'Prolonged Prejudice it is', they say,
"It's enough!" my soul cries,
Willing to survive in this labyrinth of emotions
Hoping to see this intolerance die!
'Men are essentially stardust, children of cosmos,
But why then, they make me deem, aren't we the same?
Broken, they say
Broken, I feel
Is that all I mean?

(XI Science)

VOCIFERATION of the **BROKEN**

You need to be stronger
Than their strength to break you apart
People like violence
Because it breaks their silence.
You weren't made in a day
It took 270 days
To incarnate
Flesh covering your soul
Eyes fierce as a phoenix
Yet kind
Shoulders that can carry injustice
To the edge, heart not corroded
You were made
Because you possess something
Which is unique to you
Which is your own to call.
You are not defined
By your skin colour
Or the shape of your legs
By the highlights in your hair
But by the hurdles you jumped
The number of times you smiled
away your problems

The way you held yourself up
When it was okay to feel the pain
The way your body outgrew the weaker you
From crying when things went down
To being your own wonder woman
From tears being wiped
To wiping other's tears
You realized that
Wounds are just an epitome
Of the pain your body went through
Your threshold of pain increasing
Your body getting used to the trauma
Just like the snake shedding its skin
You too do
Leaving the bruised one behind
And cocooning your flesh with a thicker skin
Building walls
Building cages
A cushion to fall back to
But in eternity
You are the sum of the light in you
The passion that flows through your bones
The eyes that evoke utter kindness
And this amount that you have
Is what defines you!

SOUND OF **SILENCE**

While I sit in solitude
My mind echoes a phrase
Decorated by your silence
And a soft smile, gracing your face
Yes, in the silence
I hear you speak through your heart
Not even a sound was heard
Yet we conversed being miles apart
You became the sound of my silence
The one residing in my little space
With whom I could share my demons
The exit to my maze
In the midst of this quiet world
You are the cure to my dementia
Your silent words I can always hear
You are the source of my euphoria
Let me be your lullaby too

The one, only you'll hear
The one that will soothe you
The one that will keep you
calm in your fears
For once you'll hear me too
While you evade all other voices
Mine would be your sound of silence
Not by force, but by choice.
We'll be each other's song
A song for only us to hear
The notes of which we carry
The lyrics of which we wear
Let's lie down, eyes closed
Somewhere far from this noise
and nuisance
Let's not speak for a while
And hear our sound of silence

Darshita Chaurasia

Nobody Cared

She thinks back to when it happened,
Still remembers that awful day,
The day when it happened,
The day he took her innocence away,
Fighting, yelling, crying,
It didn't matter how loud she screamed,
Nobody came to help her,
Nobody came to set her free
She still dreams of running,
Of trying to break away free
Of him catching her against her will,
Every single day,
She can see him in the shadows,
Even when she is at home,
She closes her eyes and prays he's gone
That she doesn't feel him now,
But she still feels him,
The tight grip on her wrists,
The pressure of his body,
As she tried to resist,
He continued to thrust away,
While she fought and yelled
It didn't matter how loud she screamed,
Nobody came to help her,
Nobody came to set her free.

HOPE

is Man's Life

Hope is a great blessing to a man. We live with hope and a desire to achieve our goals. Sometimes in life we lose everything then it is only our hope which makes us go on and inspires us to start our life again. Hope leads to effort and hard work. It develops courage and confidence. Achievers of the world never abandon hope in spite of the hardships and defeats they faced. Have Faith in yourself!!!

Bhavya Sakhuja

Girls Are Pearls, Value Them !!!

Imagine a world without girls,
It will look like a necklace without pearls.
Here comes a question for the men,
Who neither allow their sisters to pick a pen,
Nor care for their wives,
Who are stuck as bees in hives.
Are girls not the almighty's creatures,
Or do they have any abnormal features
That deprives them of rights, respect and honour,
That in turn compels them to remain in a corner?

Girls also have the right
To live, smile and fight.
They are equal to boys,
Who consider and treat them as toys.
Hence, being responsible citizens,
It is our duty to try to end the criticism.
So let's leave no stone unturned,
To see the society's negative phase burnt.
Imagine a world without girls,
It will look like a necklace without pearls.

Hope: Eternal Spring in HUMAN SOUL

"A dream doesn't become a reality through magic, it takes sweat, determination and hard work to achieve it." Both fortune and misfortune are inescapable facts of life and we term them Good or Bad Luck. Mysteries of life are inscrutable. There is no gain without pain. Those who believe in destiny alone are idlers; they don't achieve anything worthwhile in life. It is an undeniable fact that the world is full of all kinds of evil and hardships. Power and responsibilities are accompanied with a lot of care and worries. Many a times, the governance of life seems an irrational act of impersonal forces, but however ruthless the miseries of life may be, a man is always saved by Hope. Talent recognizes no barriers. It jumps hurdles, leaps fences, penetrates through walls to arrive at the destination full of hope. If a man has the ability to tide over the misfortunes of life, he is in for glorious days. Hope is the only saviour of man that encourages him to look forward to the future with invincible faith. It is his hope that eggs him on to continue and struggle against misfortunes while groping in darkness. Man has the hope to see a light at the end of the tunnel. Hope implies the ideas and ideals that enrich life and give strength to the heart and mind. Those who wish for God's help without labour are daydreamers. Adversity makes a man wiser about matters of life, inculcates wisdom in him while hope never deserts a man of courage and fortitude. The best thing we can hope for in this indulged life is a peek at the shining realities ahead. It's easy to convince our hearts that whatever sufferings and sorrows currently assail us aren't worthy of comparison to that which waits over the horizon.

"Faith goes up the stairs that love has built and looks out of the windows which hope has opened."

Raksha Shivanya
(IX A5)

Night

The night was dark and vision was blurry.
Oh! I had forgotten to wear my specs in hurry.
To switch on the headlight, I had forgotten.
As I was busy to fix the mood, which was rotten.
While rolling my eyes, I saw the beautiful moon
leaving this late was definitely a boon...
The sky was smiling, its eyes upon me
with the sadness turning into a glee....
I wanted to be here for all my life and wanted to be there.
All I was doing, was trying to care.
Just one night and its beautiful memories,
I wish my life would turn magical by all the series.

Harsh Mehrotra
(VIII - C)

Nature

The soul of beauty of the world,
That has now been culled,
Guess what is it?
Yes, it's the Nature dear.

It's the nature,
That never felt ill treated,
Even after being so, by the exploiters
By us, by humans, the fraudsters.

It's the nature,
That has established the creatures,
Who now don't care,
Neither for water nor for air.
Yes, it's the nature,
That gifted us with treasures,
With jewels of chirpy birds, working mills,
Admirable mountains and beautiful hills.

 *Shreya Baranwal*
(IX A5)

CBSE recently announced that all schools affiliated to the regulatory body must use art forms in regular teaching sessions from classes I to XII. Implementing art in the curriculum not only makes the learning interesting and interactive but also encourages students to get better understanding of topics, develop their critical thinking and enhance their problem-solving abilities.

Since time immemorial several artists have been campaigning to have a dedicated course of art that promotes creativity among students. A syllabus that includes art and theatrics will encourage interactive activities. Drama enables young minds to appreciate different perspectives. When a teacher gives lectures, it becomes one-sided because it inhibits the raising of questions. Incorporating dramatics in school curriculum will promote interactive learning. This will keep both the teachers and student on their toes, making the latter grab concepts more easily rather than snoozing.

Art develops interest in education and caters to basic values of education. It gives freedom to think, freedom to voice opinions and freedom to feel and to create. It encourages children to take risk and provides a safe space for trial of creativity.

Dear Romeo

Do you remember Romeo,
How you felt when she walked out
Her parting word like shattered glass.
Marking their scars across your heart.

Remember Romeo ?
How your world revolved around her,
How the sun paled in comparison to
her eyes.
And the only reason you woke up was
to see her smile.

Remember Romeo?
The very last kiss and the intoxicating
taste of her lips
How hard it is when you miss all her quirks
And you would rather bleed till you die.

But do remember Romeo
There are still millions of Juliets out there.
Maybe one of them can show you that
Tomorrow's promises are prettier than
yesterday's shadows.

Remember please Romeo
I could be a Juliet too.

(X-A4)

Life

Life is just a maze, full of crossroads.
In which we are struggling,
To find our destination
Sometimes, there are diversions,
Every where there are obstructions.
Remaining focoused will take you there,
A wrong turn here or there, won't make a difference
Important is your inference
Make your wrongs into rights,
And you shall be in full flight.

Aaditya Mahanta

WE DON'T WANT TO FIT IN...

My marks are too low,
Don't have too much to show.
This is why I'm so laid back
And don't have many trophies in my sack,
But still they say my marks are not me.

We have all been given labels,
The one with the fat hips.
The one with the thick skin
The one with thin lips or
The one with a sixteen inch waist
But still they say my body is not me.

She can have a big body with a pretty smile
I can get low marks yet not be juvenile.
He can wear hand me downs
Yet still have pennies in his pouch.
We can wear designer crowns
But still not own a ten feet long couch.

We don't fit in, don't want to fit in,
Don't play an important part.
Just stay trapped in
Society's norms.

Reena Agarwal

Swami and the Sum

Swami was going out to play at noon,
His father ordered him to bring his book soon.
He gave a sum to be solved,
The whole story of Rama and Krishna got involved.
Father harassed his son for his foolishness,
Swami couldn't even make any guess.
Father told him the method of the sum,
Swami solved it one by one.
After solving, he burst into tears,
As he was full of fear.

Tanmay Agarwal
VII B)

Swami and Sum

Swami, a young naughty boy,
Enjoying his vacations with a lot of joy
One day caught by his father,
Was asked to solve a sum rather
Rama has ten mangoes,
Krishna buys four and goes
His mouth began to water,
But couldn't solve this matter
Couldn't distinguish the mangoes' type,
Whether ripe or unripe
'Father, I can't do this sum' he says,
Finally comes out of the maze
Father claimed him to be a fool,
For he did not study in school
In anger father twisted his ear,
Still Swami's doubt was not clear
Whether division or addition,
No idea about its application.

Vaishnavi Rawat
VII B)

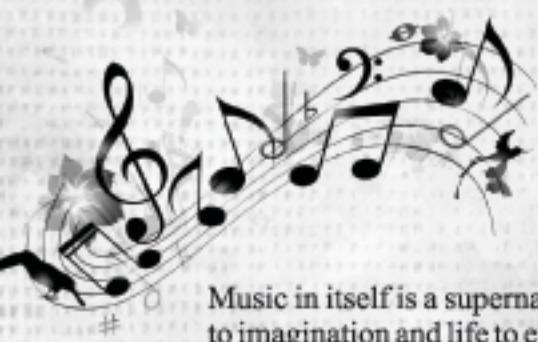

Billy Joel said –

“I think music in itself is healing. It's an explosive expression of humanity. It is something we are all touched by. No matter what culture we are from, everyone loves music”.

True ! It's so true. We all love music, no matter where we belong. We all have different definitions for music. For some people it's a way of expressing emotions. For others, it's an important part of their lives. Personally I think it's a healing energy. Music is one's identity, music is one's world. It's a drug, therapy. It is entertainment. It is inspirational. Music is a friend, the voice of soul. It expresses the feelings which cannot be put into words. Music makes me think about how it relates to life. It gives you an inspiration to do something new and to think out of the box. It's a beautiful, sweet escape that we all look for. For some its an escape from work. For others its an escape from reality and chaos. Music turns boring tasks into fun. It is the freedom we all crave for, freedom to express ourselves without being judged for who we actually are. Music has the power to wash away all the pain. Bob Marley once said;

“One Good Thing About music is that when it hits you, you feel no pain.” Indeed we don't feel any pain because it connects so well with us that we just flow with it. It relates to us in a way nothing could ever do. Music gives soul to universe, wings to mind, flight to imagination and life to everything.

 **Nandini Verma**
(X A4)

MELODY

Music in itself is a supernal and deistic feeling. It gives a soul to the universe, wings to minds, flight to imagination and life to everything. It is the wine that fills every cup of silence.

'Without music, life would be a mistake.' Once a famous personality truly quoted, for the reason that, everybody has emotions of their own and at some point of time in life, we need to intricate and detail them; that is when music comes to play.

"When we can't express, music does,
Where words end, music begins."

Every memory has a soundtrack of its own. It is also said that music knows more about the kind of mood we are in, than we do. It is psychologically shown beyond doubt that good music on bad days makes things go well.

Music is the moonlight in the gloomy night of life. Rhythm is a therapist to solve a problematic behaviour, a healer for emotional ease, an entertainer to fascinate, good friend at lonely times and a great motivator when wary thing around looks humdrum.

Imagine, if only your headphones could talk and speak, you would never make human friends ever again.

"Music is an explosive expression of humanity. It is something we are all touched by" (Billy Joel).
"One good thing about music is that when it hits you, you feel no pain" (Bob Marley).

To conclude, when we listen to music, we just not merely hear it, we live it, become a part of it. Just as a story is a life that makes sense, a painting is a colour that makes sense so is music, a noise that makes sense. See your life through the chords of tunes, you will find it getting easier.

Caregiver Pluto

Blissful sleep had engulfed me. But he nudged me into wakefulness. Continuously licking my hand and pulling my clothes, Pluto made me close the faucet and thereby stopped wastage of water. That's Pluto, the farthest planet, who is now our pet.

Pluto is my first grandson. He's a precursor to the real one. He feels it his primary duty to protect, play and entertain his little brother. Even the fist pushed into the Labrador's mouth is pushed away with the tongue without causing any harm.

The two brothers, dog and boy, share a lot of time together. Happy, quality time spent together. Both contented in the company of each other. Yes, Pluto is depressed when, for long periods of time, he is all alone behind locked doors.

We need to realize that we can't do anything as dogs are unable to complain or protest. We are careful of his diet and physical well being. Pluto continues to give us good memories. But he's 8 years old.

I'm a proud pet grandparent.

- Teacher Ms. Joyshree

Just Another Girl

I wonder if I'll ever
Walk the streets feeling
Like I own it
I wonder if I'll ever
Not be judged by
What I'd be wearing.

The West tells me
"Hush, cover your face,
You're too beautiful to show off."
While I hide myself
Under a hijab
Gaping at all the things
I could have.

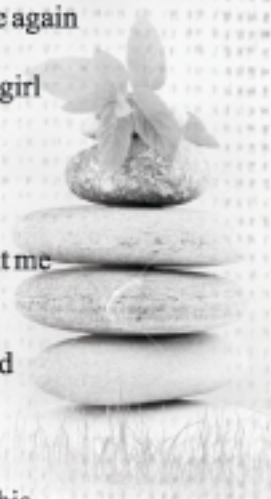

"You must not wear a hijab!"
Says the East
While they protest on for me
What I need not
Protest for, to be

My silent cries
Hide questions, I hate
To know the answers of

Why must you have to tell me
What I should do, what not?
I thought I could do that
For my own.
Why must I need you
To tell me what is right?
Can't you hear my echoes
That linger
In the silence of these fights?
I remain quiet, though
For you to control
Each and every move I make
Cause I'm just another girl?
You're not ashamed
To catcall me
On the busy streets of NYC

Or be it London, you don't really
care
Of the time, or place
After all, it's just a snare
To make feel, and elope again
Leave me on my own
'Cause I'm just another girl
Full of remorse?
But no more!

Here I stand
Stand up for you to fight me
I must be the change
I wish to see
How long will the world
Fight me?
Fight with me?
Fight for me?
It's me who has to end this
Cause I'm just another girl.

Ashneet Kalra, (XI- Humanities)

Success and Failure A Part of Life

'Success' is defined as an achievement of something intended. 'Failure' is defined as a minor fault or defect.

Life is not a bed of roses. In our student life, we experience both success and failure. A student achieves success through hard work, firm determination and dedication. But sometimes, the attempt proves to be futile when we are unable to achieve our goal. This creates a huge pressure and leads to depression. But we should know that

success and failures are two facets of the same coin.

Every failure is a stepping stone on the path to success. Failure teaches us some lessons. It reveals our weakness that must be overcome. It guides and inspires us to put in more efforts.

Failure occurs in a student life, when he/she is lacking something which requires timely attention and improvement. So, dear friends, never get upset or depressed when you fail in any field of life. Rather try to find your lagging point or weakness, work on it and make it your strength. With hard work, firm determination and dedication, we can convert our failure into success. No one can fully enjoy success unless he/she has tested failure. Fortune favours the brave and brave is the one who overcomes his/her weakness and achieves his/her goal. Failure is a natural phenomenon which carries valuable experience. Never be afraid of failure because-

"If you desire to blossom like a rose in the garden, learn the art of adjusting with thorns."

Sakshi Yadav (IX-A5)

Power of Optimism

It is rightly said, "The pessimist is one who makes difficulties of his opportunities and an optimist is one who makes opportunities of his difficulties." Positive thinking is the stepping stone to a person's success.

If one has aimed to shot for the stars, he would definitely put his best foot forward to achieve it, no matter how many hurdles he comes across.

Positive thinking along with self confidence, hard work and determination proves to be key ingredient for the recipe of success. There is a famous saying for this – "Think positive, Do positive and Be positive." It proves to be the best ointment when someone is pessimistic in life. But unfortunately, most of the people do not take this urge seriously. The power of positive thought is something that no one can undermine.

Positive thinking is the process of developing thoughts, which one has the power to create and transform energy into reality. If you think positively, you silently start putting all positive energy into achieving your goals. The more you attract positive thought, the more you are clear and confident about its accomplishment. Stories of many successful people mainly revolve around positive thinking. All the things they achieved, wherever they are now is all because they have mastered the technique of controlling their thoughts and made their life style around positive thinking.

Positive thoughts keep you away from the darker side of life and let you enjoy a splendid sun. It is one of the famous statements made by Helen Keller – "Keep your face to the sunshine and you cannot see a shadow." A positive person can enjoy happiness and success since he believes that he can easily overcome all the obstacles that come on his way and visualize life in an optimistic manner. One positive thought in the morning has the power to change your day. "A positive thought is like a silent prayer to god to keep one motivated and keep going through hardships." Life is a constant battle. It is best fought with right attitude, determination and hard work like it is said- "Fortune favours the Brave".

The above stated best lines narrows down the fact that it is the optimistic soul which holds his ground strong in the fiercest of the storm. Positive thinking can shake even the strongest mountains. Think positive and stay positive even in adverse circumstances. Life belongs to your ambitions and a positive thinking always pays off.

Hitanshi Goklani
(IX-A5)

The purpose of
life is not happiness,
its usefulness

We all
know, we
love doing things
that make us happy and
give feeling of fulfillment in life.

We love doing things that make us happy.

From going on holidays to buying new stuff, we keep chasing that next nugget of happiness. If we change it up and look at happiness as being a byproduct of your actions, choices and decisions that involve working towards a large purpose, we will begin to notice how wonderful life really can be. True happiness is derived from moments of interaction and connection.

I am happiest when doing something useful for somebody else whether it be a friend, family member, colleague or even a stranger. When I do something valuable for them, they are happy which makes me happy!

"Being useful is a mindset. And like with any other ordinary mindset, it starts with a decision. One day I woke up and thought to myself. What am I doing for this world? The answer was NOTHING."

It is generally believed that the entire alien encounter phenomenon began with the startling sighting of 'flying saucers' or unidentified flying objects (UFOs) by American pilot Kenneth Arnold in 1947. Most studies of UFOs, or books on the subject, feature the Arnold sighting and it is described as the first UFO sighting.

In fact it is the need of the hour to use the wisdom of hindsight. At the time, neither Arnold nor anyone else even thought about aliens or UFOs. It was assumed that what he had seen was some kind of top secret military aircraft of revolutionary design. Although Arnold's was not the first sighting of such objects but was merely the first to make it into the national and international press. For that we must thank the reporter who took Arnold's description of the mysterious aircraft he had seen and dubbed them 'flying saucers' and this name caught great attention by both the educated elite and by the common ones.

The story took a dramatic twist when it became clear that whatever Arnold had seen, was not a secret weapon being developed by the United States Air Force (USAF). The speed, design and motion of Arnold's aircraft were contrary to anything that existed at the time. After that incident people from all across USA started coming forward with their own sightings of mysterious aircrafts. These people had been reluctant to speak publicly before, either because they had not realized that they had seen something extraordinary or maybe they had assumed that they were seeing some secret new type of aircraft same as Arnold.

Population Explosion: A Grave Challenge

The growing population is the root cause of many socio-economic problem faced by India. Of the 2.4% area of the world, our country supports a large percentage of around 16% of the world population. Possessing such a huge population gives rise to demographic crisis. Neither our geographical area nor our limited resources can be expanded by any means. Traditionally, illiteracy and poverty had been leading causes of population growth in India, where people are not aware of the drawbacks of a huge family.

Population growth has rendered our economic growth to a great extent. Approximately, one third of the growth in our GDP is rendered uselessly by the rapid growth of the population. All our resources are under immense pressure due to this. Shortage of basic necessities like potable water indicates the strain on carrying capacity of the earth's biosphere. The growth of population at a superexponential rate is leading to increased pollution, change in climate and reduction in the forest cover.

Development of infrastructure is unable to meet the growth in population. At present, the population of our country is more of a liability than an asset. Population is the primary cause of many other problems and if the effort of keeping a regular check on the net percent of increasing number of people per year is not made, challenges of checking population is not met; all our plans of development will go haywire.

neutralised our economic growth. Approximately, one third of the growth in our GDP is rendered uselessly by the rapid growth of the population. All our resources are under immense pressure due to this. Shortage of basic necessities like potable water indicates the strain on carrying capacity of the earth's biosphere. The growth of population at a superexponential rate is leading to increased pollution, change in climate and reduction in the forest cover.

Behti Hawa Sa Tha Uoh...

*Friendship never ends but friends do.
He was a true friend of mine
And everything was perfectly fine
But the destiny overswept
And my friend left.
His memories still remain in my heart
And has become an unforgettable past
The things have now become tragic
I wish I could restore them by magic.
My mind knows he is in a better place
With no sorrow, no pain
But how would I explain it to my heart
That he is gone and will never be back again.*

Vinit Srivastava, Class X

Dear Dhruv;

The accident you met with made me question the existence of the mighty. A writing can never undo the injustice done to your beautiful soul. Although our roads may have drifted apart but we always remain friends at heart.

Why do the best people who are like diamonds perish in the most uncertain manner. Didn't aunt leave you alone at the house for the first time that day? Why were you sleeping in the room you never used to, which had no window? Why was your sister sleeping in the room with a verandah? Why did you send your maid downstairs for five minutes while you took your last nap? Was it necessary to sleep that day? Why did you tie your dog at a place farther than you usually used to? Why didn't you wake up by that painful bark of that caring dog? Why didn't you go downstairs to get the massage as you had promised to? Why weren't the fire extinguisher and other safety systems working? Why didn't you play pubG that day? The Mighty, do you exist? Who will answer these questions? Hey Mighty! What can you do for his mother who used to cut his nails, feed him lunch and apply cream on his face in the morning?

Dhruv, your death left a heartache to me, your family and other friends. No one can ever had the lovely bond we had for fifteen long years and no one can steal it. You will always be in my heart because in there, you are still alive and will always be. If it would have been possible to break death, I would have sold myself to save you. The whole house turned into ashes but why were you left untouched? Because even the mighty knew that it wasn't possible to give you a painful death, to the most generous, soft hearted and loving kid on earth.

On 20th November, 2018 at 7:50, my heart was dripping blood seeing your family cry. Your sisters crying for 72 hours straight. I can still hear the loud voices of your siblings. I can still feel the weeping heart and the crying souls. I can still visualize your grandma falling on your body in grief. I still remember your father asking, Ayush, me & others to wake you up. Words will never be able to completely express my feelings. Even if Shakespeare would have been a friend of you, he would have failed to pen down the delight your existence had and the pain your absence gives. My heart is pinching right now while writing this.

Be aware, Dhruv! I am going to slap you very hard when I meet you in heaven, the reason being that I have always asked you not to sleep in the afternoon but you always did. Anyways, I am always gonna look after your family. Manya, Harshita and Raghav are my siblings and uncle-aunt are my parents now.

We have been together since birth, as we were born under the same roof. Thank you for being with me for fifteen long years. So humble, generous, kind, sweet and innocent. You were the most beautiful soul, I ever met. You will always be alive in our hearts. I love you Dhruv.

Keshav, Class X

भूमंडलीय ऊष्मीकरण

ग्लोबल वार्मिंग को अगर काबू में लाना है,
तो जन-जन में इसके लिए जागरूकता फैलाना है।।

क्या है भूमंडलीय ऊष्मीकरण या ग्लोबल वार्मिंग?

ग्लोबल वार्मिंग धरती के वातावरण के तापमान में लगातार हो रही बढ़ोत्तरी है। हमारी धरती प्राकृतिक तौर पर सूर्य की किरणों से गर्मी प्राप्त करती है। धरती का वायुमंडल कई गैसों से मिलकर बना है। जिनमें कुछ ग्रीनहाउस गैसों भी शामिल हैं, इनमें से अधिकांश धरती के ऊपर प्राकृतिक आवरण बना लेती है। यह आवरण लौटती किरणों को एक हिस्से से रोक लेता है, और इस प्रकार धरती के वातावरण को गर्म बनाए रखता है। वैज्ञानिकों का मानना है कि ग्रीनहाउस गैसों में बढ़ोत्तरी होने पर यह आवरण भी अधिक मोटा होता जाता है। ऐसे में यह आवरण सूर्य की अधिक किरणों को रोकने लगता है, और फिर यहीं से शुरू हो जाते हैं ग्लोबल वार्मिंग के दुष्प्रभाव।

क्या है भूमंडलीय ऊष्मीकरण की वजह?

ग्लोबल वार्मिंग के लिए सबसे ज्यादा जिम्मेदार तो मनुष्य और उसकी गतिविधिया ही है। मनुष्य वाहनों, हवाई जहाजों, बिजली बनाने वाले संयंत्रों उद्योगों इत्यादि का अंधाधुंध प्रयोग कर रहे हैं। जिससे होने वाले गैसीय उत्सर्जन की वजह से कार्बन डाइऑक्साइड की बढ़ोत्तरी हो रही है। जंगलों में बड़ी संख्या में हो रहा विनाश इसकी दूसरी वजह है। जंगल कार्बन डाइऑक्साइड की मात्रा को प्राकृतिक रूप से नियंत्रित करते हैं, लेकिन इनकी बेतहाशा कटाई से यह प्राकृतिक नियंत्रक भी हमारे हाथ से छूटता जा रहा है। इसकी एक अन्य वजह सीएफसी है जो रेफ्रिजरेटर्स, आग बुझाने वाले यंत्रों इत्यादि में इस्तेमाल की जाती है। यह धरती के ऊपर बने एक प्राकृतिक आवरण ओजोन परत को नष्ट करने का काम करती है। विकसित हो या अविकसित देश, हर जगह बिजली की जरूरत बढ़ती जा रही है। बिजली के उत्पादन के लिए जीवाष्म ईंधन का इस्तेमाल बड़ी मात्रा में करना पड़ता है। जीवाष्म ईंधन के जलने पर कार्बन डाइऑक्साइड पैदा होती है जो ग्रीनहाउस गैसों के प्रभाव को बढ़ा देती है। इसका नतीजा ग्लोबल वार्मिंग के रूप में सामने आता है।

ग्लोबल वार्मिंग से कैसे बचे?

- सभी देश क्योटो संधि का पालन करें। इसके तहत 2020 तक हानिकारक गैसों के उत्सर्जन (धुएँ) को कम करना होगा।
- यह जिम्मेदारी केवल सरकार की नहीं है। हम सब भी पेट्रोल, डीजल और बिजली का उपयोग कम करके हानिकारक गैसों को कम कर सकते हैं।
- जंगलों की कटाई को रोकना होगा। हम सभी अधिक से अधिक पेड़ लगाए। इससे भी ग्लोबल वार्मिंग के असर को कम किया जा सकता है।

ग्लोबल वार्मिंग को करना है दूर तो कुदरत की चिंता करना जरूर।।

खुशी कुमारी (X-A1)

सूर्य का तेज

सुबह सवेरे उठकर सूरज अपना जादू दिखलाता है,
लिए ताजगी धरती का कण-कण मुसकाता है।

सुबह उजाले में उठकर चिड़िया अपना मधु गीत सुनाती है,
कलिया खिलकर जग में सौंधी खुशबू बोती है।
अलसाए तन में जादू भर जाता है,
सुबह सवेरे उठकर सूरज अपना जादू दिखलाता है।

मोहक मुसकान लिए फुलवारी खिलती हैं,
तितली-भौरों से यहाँ पुलकित होकर मिलती है।
बहुत बड़ा जादूगर है सूरज अद्भुत खेल दिखाता है,
सुबह सवेरे उठकर सूरज अपना जादू दिखलाता है।

यह प्यारा समय न खोना,
सुबह सवेरे उठ जाना।
नन्हा कदम हमारा पथ पर गिरते उठते चलता है,
सुबह सवेरे उठकर सूरज अपना जादू दिखलाता है।

तेज प्रकाश मेरे मन में नई ऊर्जा भरता है,
कलियाँ खिलती, पंछी उड़ते, नया सवेरा आता है,
सुबह सवेरे उठकर सूरज अपना जादू दिखलाता है।

दिव्यान्शी सिंह (V-B)

पंचवटी

चारु चन्द्र की चंचल किरणें
खेल रही हैं, जल-थल में,
स्वच्छ चाँदनी बिछी हुई है,
अवनि और अम्बरतल में।

फलक प्रकट करती है धरती
हरित तृणों की नोकों से,
मानों झूम रहा हो तरु भी
मन्द पवन के झोकों से।।

पंचवटी की छाया में है,
सुन्दर पर्ण-कुटीर बना,
उसके सम्मुख स्वच्छ शिला पर
धीर, वीर, निर्भीकमना।

जाग रहा यह कौन धनुर्धर,
जब कि भुवन भर सोता है?
भोगी कुसुमायुध जोगी-सा
बना दृष्टिगत होता है।।

हिमान्शु गिरि

मेरे पापा

मेरे पापा से अच्छा
कोई है नहीं,
जिसने सिखाया मुझे चलना
वो है वहीं ।।

जो बचाते मुझे हमेशा
माँ की जोर डाँट से
और फिर प्यार से कहते
समझ जाना अगली बार से ।।

उन्होंने कभी-भी मुझको
ना नहीं किया
मेरी हर खाहिशों को
हमेशा पूरा किया ।।

जो पलकों की छाँव में
रखते हमेशा है मुझे
वहीं हैं मेरे पापा
जो है सबसे अच्छे ।।

Akriti Singh (IV-D)

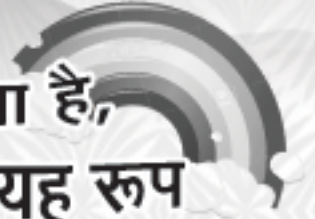

नई
सुबह

नया सवेरा, नई सुबह लेकर कौन आता है?
अँधेरे के बाद अपनी किरणें कौन बरसाता है?
ची-ची करती चिड़ियों को कौन जगाता है?
भला सूरज एक जादूगर क्यों कहलाता है?

भव्या सेठ

प्रकृति कैसा है,
तेरा यह रूप

प्रकृति कैसा है, तेरा यह रूप
कहीं छाँव तो कहीं है धूप
कहीं तो खेतों में फैली है हरियाली
पर कहीं फैली हुई है महामारी ।
कहीं तो निर्झर झरने बहते
पर कहीं पत्ते है सूखे,
पर कहीं कई किसान है सहते
एक तरफ फूल और कलियाँ है
एक तरफ काँटों की गलियाँ हैं ।
प्रकृति कैसा है, तेरा यह रूप
कहीं छाँव तो, कहीं है धूप ।
संदेश है तेरा 'शांति और प्यार'
फिर दिए क्यों तूने हथियार
अतुल सम्पत्ति है तेरे पास
फिर भी सबको है, धन की प्यास ।
सुंदरता है, तुझमें अनुपम
फिर भी फैला हुआ है गम ।
शीतल सुंदर है, तेरा स्वरूप
छँटा है, तेरी अदभुत अनूप
प्रकृति कैसा है, तेरा यह रूप

अपूर्वा त्रिपाठी (IX-A5)

उन गई, उन गई,
मौत से वो उन गई ।
जूझने का मेरा इरादा न था,
मोड़ पर मिलेंगे इसका वादा न था ।
रास्ता रोककर वह खड़ी हो गई,
यो लगा कि जिंदगी से भी बड़ी हो गई ।
मौत की उम्र क्या है?
दो पल भी नहीं, जिंदगी तो एक सिलसिला है,

विनय मिश्रा (VI-B)

माता और पिता

मंजिल दूर और सफर बहुत है।
छोटी सी जिन्दगी की फिकर बहुत है।
मार डालती ये दुनिया कल की हमें,
लेकिन 'पापा-मम्मी' के प्यार में असर बहुत है।
चाहे कितने अलार्म लगा लो सुबह उठने के लिए लेकिन
एक पापा की आवाज ही काफी है।
जिन्दगी में दो लोगो का ख्याल रखना बहुत जरूरी है पहले
'पिता' जिसने तुम्हारी जीत के लिए सब कुछ हारा हो
और दूसरी 'माँ' जिसको तुमने हर दुख में पुकारा हो।
माँ और पापा के बिना जीवन अधूरा है।

Shruti Agrawal (X-A2)

मनभावन सुबह

सुंदर शांत सवेरा जागा,
रवि किरणें मुस्काई।
इन्द्रधनुषी पंख फैलाए,
तितली रानी आई।
हरी भीगी लताएँ चहकी,
ओस ने ली विदाई।
बेंबरोँ की गुनगुन को सुनकर,
कली कली हरषाई।

कोयल गाती मस्ती में,
धिड़िया धिड़ुक लगाई।
बैठ पेड पर फल है खाते,
हरियल मिठतू भाई।
कल-कल धारा बहती सरिता,
हर्षित धरा नहाई।
आनंदित करती प्रकृति ने,
ममता सकल लुटाई।

रुशील जैन (V-D)

नया भारत

एक नया भारत बनाने का इरादा मन में है,
एक नया भारत कि जिसमें एक नया विश्वास हो।
जिसकी आँखों में चमक हो एक नया उल्लास हो
एक नया अभिमान यहाँ हर एक जीवन में है।
एक नया भारत बनाने का इरादा मन में है।
बढ़ रहे हैं हम प्रगति की ओर जिस रफ्तार से।
कर रहा हमको नमन
यह विश्व भी उस पार से।
एक नया संकल्प सा देखो यहाँ कण-कण में है,
एक नया भारत बनाने का इरादा मन में है।

Vibhor Chaubey (IV-A)

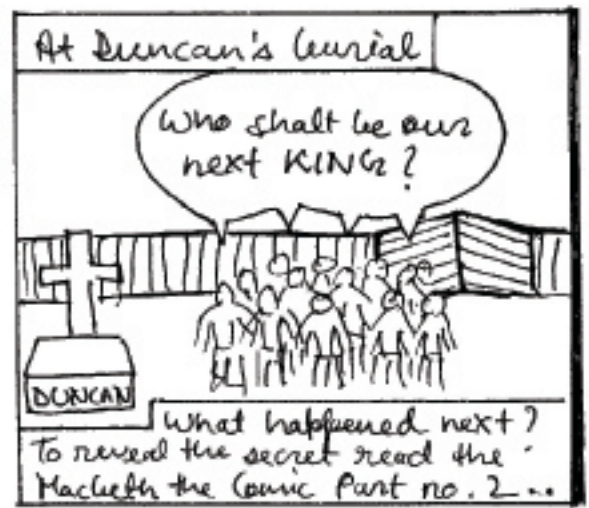

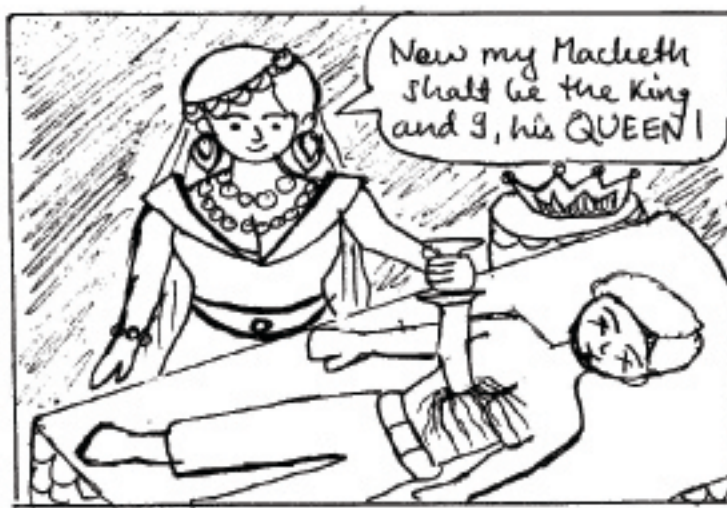

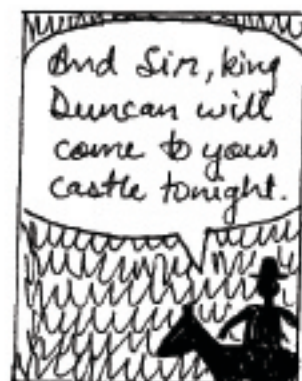

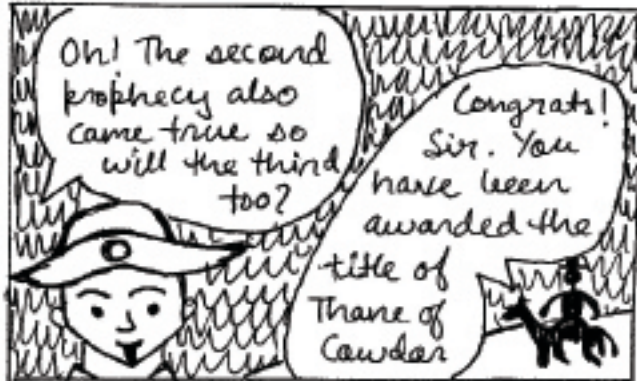

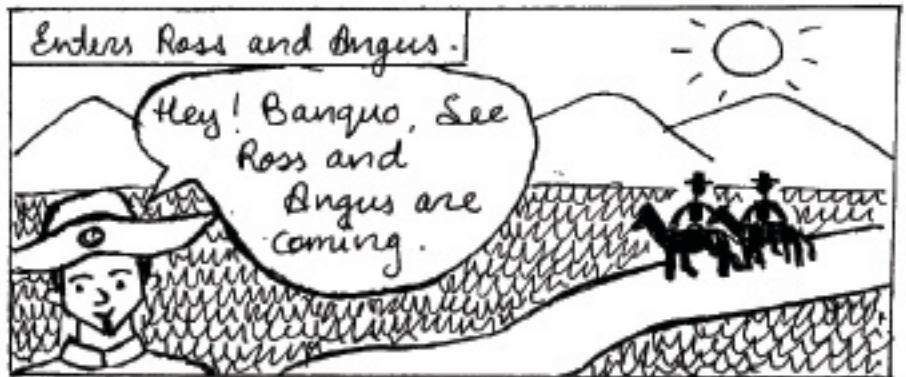

ऐ शिक्षक

ऐ शिक्षक तू वीर और बड़ा बलिदानी
हम बच्चे तुम्हें पाकर हुए धन्य और सौभाग्यशाली
माता-पिता के बाद हमने सुनी है तेरी कहानी
माता-पिता आदर और शिष्टाचार सिखाते
ऐ शिक्षक तुम तो सारे जगत का ज्ञान सिखाते
ऐ शिक्षक तू वीर और बड़ा बलिदानी
बड़े-बड़े लोग हुए है तुझसे ही शिक्षा पाकर
और तुझे वो भूल जाते है तेरी छाया से जाकर
ऐ शिक्षक तेरी कहानी वेद पुराण ने भी है बखानी
राम कृष्ण तेरी ही छाया पाकर बने बड़े ज्ञानी
ऐ शिक्षक तू वीर और बड़ा बलिदानी
ऐ शिक्षक तुम जब समझाते हो कहानी
कुछ समझने और कुछ करते मनमानी
और नासमझ बच्चे करने लगते तुझसे ही जुबानी
ऐ शिक्षक तू वीर और बड़ा बलिदानी
अभिषेक यादव (IX-A1)

Shakespeare's
MACBETH
 THE COMIC
 Marshit
 TA

Shakespeare's

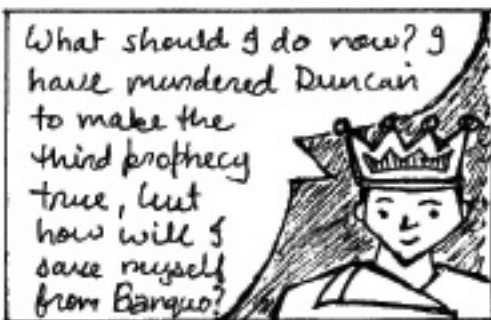

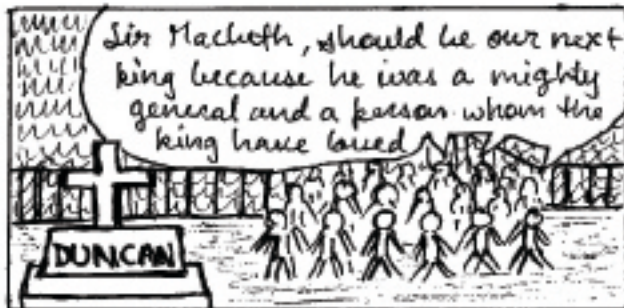

MACBETH

• The Comic •

2

• Harshit
—TA—

In the last issue of this comic, we came to know the story of Macbeth. In this play of Shakespeare, which is set in Scotland, we came to know about the three mystic prophecies made by the three witches due to which the story took a new twist ~~when~~ when Macbeth, encouraged by Lady Macbeth, murdered Duncan, the king of Scotland to make the third prophecy true. To know that what happened after the death of king of Scotland, read second part of this comic which starts with the selection of the king by people.

But, this time Macbeth's this attempt to murder was a failure but not completely, as instead of Macduff, his wife and children were murdered. This encouraged him for revenge with Sir Macbeth and he joined hands with Malcolm, who was eager for the revenge.

Here the story was taking a new twist and on the other hand in the castle, Lady Macbeth had nightmares about the murder of king Duncan. She dreamed that she had the blood stains... of Duncan on her, all the time - marks that would never come off. She became depressed and unhappy. Finally she committed a suicide. Where - as Malcolm along with Macduff was preparing to attack Sir Macbeth & take his revenge.

Soldiers! Cut down branches from Birnam Woods and march towards the Scotland Castle.

Lastly, the battle took place & when Macbeth saw the Birnam Woods moving, he understood that his death is very near to him.

THE BATTLE

Finally the rightful heir to the throne of Scotland, Malcolm ascended the throne. In latter years, Banquo's son, Fleance became the king of Scotland...

THE END.

Aerobics Gymnastics

Games and sports are not only important for success in school but also important for success in every walk of our life. On 17/1/19, our school Aerobics team participated in the 37th UP State Aerobics Gymnastics Championship held at Khelgaon, Prayag. Out of 16 students, 08 qualified the selection round. The performance of our school team was commendable. The students put all their effort and were able to win 03 Gold Medals and 05 Bronze Medals in the tournament.
